The following questions were submitted to ITS and are being presented as they were submitted, except to remove any reference to a specific vendor. This information should assist you in formulating your response.

Question 1: In regards to page 48 in the RFP can the Cost Information Submission Form be modified for additional charges not listed on the form?

Response: Yes.

Question 2: Nationwide paging – approximately how many and are they nationwide at all times or only as people travel.

Response: There are currently 2, going forward they would only be needed as people travel.

Question 3: Onsite Terminal – does this need to be onsite or only have direct connectivity to our terminal with a backup method.

Response: Terminal needs to be onsite in order to not have to rely on outside trunking for pages made within the institution. Terminal needs to direct connect to current additional third party infrastructure.

If you have any questions concerning the information above or if we can be of further assistance, please contact Bill Brinkley at 601-432-8149 or via email at Bill.Brinkley@its.ms.gov.
