SECTION II
PROPOSAL SUBMISSION REQUIREMENTS

The objective of the Proposal Submission Requirements section is to provide Vendors with the information required to submit a response to this Request for Proposal (RFP). A Vendor who has responded to previous RFPs issued by ITS should not assume that the requirements are the same, as changes may have been made.

1. Failure to follow any instruction within this RFP may, at the State's sole discretion, result in the disqualification of the Vendor's proposal.

2. The State has no obligation to locate or acknowledge any information in the Vendor's proposal that is not presented under the appropriate outline according to these instructions and in the proper location.

3. The Vendor's proposal must be received, in writing, by the office of ITS by the date and time specified. ITS is not responsible for any delays in delivery or expenses for the development or delivery of proposals. Any proposal received after proposal opening time will be returned unopened. Any proposal received with insufficient postage will be returned unopened.

4. Proposals or alterations by fax, e-mail, or phone will not be accepted.

5. Original signatures are required on one copy of the Submission Cover Sheet and Configuration Summary, and the Vendor’s original submission must be clearly identified as the original. The Vendor’s original proposal must include the Proposal Bond, (if explicitly required in Section IV).

6. ITS reserves the right to reject any proposals, including those with exceptions, prior to and at any time during negotiations.

7. ITS reserves the right to waive any defect or irregularity in any proposal procedure.

8. The Vendor may intersperse their response following each RFP specification but must not otherwise alter or rekey any of the original text of this RFP. If the State determines that the Vendor has altered any language in the original RFP, the State may, in its sole discretion, disqualify the Vendor from further consideration. The RFP issued by ITS is the official version and will supersede any conflicting RFP language submitted by the Vendor.

9. The Vendor must conform to the following standards in the preparation of the Vendor’s proposal:

9.1 The Vendor is required to submit one clearly marked original response and eight (8) identical copies of the complete proposal, including all sections and exhibits, in three-ring binders.

9.2 To prevent opening by unauthorized individuals, all copies of the proposal must be sealed in the package. A label containing the information on the RFP cover page must be clearly typed and affixed to the package in a clearly visible location.
9.3 Number each page of the proposal.
9.4 Respond to the sections and exhibits in the same order as this RFP.
9.5 Label and tab the responses to each section and exhibit, using the corresponding headings from the RFP.
9.6 If the Vendor does not agree with any item in any section, then the Vendor must list the item on the Proposal Exception Summary Form. (See Section V for additional instructions regarding Vendor exceptions.)
9.7 Occasionally, an outline point in an attachment requests information which is not applicable to the products/services proposed. If the Vendor is certain the point does not apply to the given RFP, the Vendor should respond with “NOT APPLICABLE”.
9.8 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.
9.9 When an outline point/attachment is a statement provided for the Vendor’s information only, the Vendor need only read that point. The Vendor acknowledges having read and accepting, or taking exception to, all sections by signing the Submission Cover Sheet and providing a Proposal Exception Summary Form.
9.10 Where a minimum requirement has been identified, respond by stating the item (e.g., device name/model number, guaranteed response time) proposed and how it will meet the specifications.
9.11 The Vendor must fully respond to each requirement within the Technical Specifications by fully describing the manner and degree by which the proposal meets or exceeds said requirements.

10. It is the responsibility of the Vendor to clearly identify all costs associated with any item or series of items in this RFP. The Vendor must include and complete all parts of the cost proposal in a clear and accurate manner. Omissions, errors, misrepresentations, or inadequate details in the Vendor’s cost proposal may be grounds for rejection of the Vendor’s proposal. Costs that are not clearly identified will be borne by the Vendor. The Vendor must complete the Cost Information Submission in this RFP, which outlines the minimum requirements for providing cost information. The Vendor should supply supporting details as described in the Cost Information Submission.

11. ITS reserves the right to request additional information or clarification of a Vendor’s proposal. The Vendor’s cooperation during the evaluation process in providing ITS staff with adequate responses to requests for clarification will be considered a factor in the evaluation of the Vendor’s overall responsiveness. Lack of such cooperation or failure to provide the information in the manner required may, at the State’s discretion, result in the disqualification of the Vendor’s proposal.
12. Unsolicited clarifications and updates submitted after the deadline for proposals will be accepted or rejected at the sole discretion of ITS.

13. Unsolicited clarifications in the evaluation and selection of lowest and best proposal will be considered only if all the following conditions are met:

13.1 A clarification to a proposal that includes a newly announced product line or service with equal or additional capability to be provided at or less than the proposed price will be considered.

13.2 Information provided must be in effect nationally and have been formally and publicly announced through a news medium that the Vendor normally uses to convey customer information.

13.3 Clarifications must be received early enough in the evaluation process to allow adequate time for re-evaluation.

13.4 The Vendor must follow procedures outlined herein for submitting updates and clarifications.

13.5 The Vendor must submit a statement outlining the circumstances for the clarification.

13.6 The Vendor must submit one clearly marked original and eight (8) copies of the clarification.

13.7 The Vendor must be specific about which part of the original proposal is being changed by the clarification (i.e., must include exact RFP reference to section and outline point).

14. Communications with State

From the issue date of this RFP until a Vendor is selected and the selection is announced, responding Vendors or their representatives may not communicate, either orally or in writing regarding this RFP with any statewide elected official, state officer or employee, member of the legislature or legislative employee except as noted herein. To ensure equal treatment for each responding Vendor, all questions regarding this RFP must be submitted in writing to the State’s contact person for the selection process, and not later than the last date for accepting responding Vendor questions provided in this RFP. All such questions will be answered officially by the State in writing. All such questions and answers will become addenda to this RFP, and they will be posted to the ITS web site. Vendors failing to comply with this requirement will be subject to disqualification.

14.1 The State’s contact person for the selection process is: Wallace Burns, Technology Consultant, 3771 Eastwood Drive, Jackson, MS 39211, 601-432-8238, Wallace.Burns@its.ms.gov.

14.2 Vendor may consult with State representatives as designated by the State’s contact person identified in 14.1 above in response to State-initiated inquiries. Vendor may consult with State representatives during scheduled oral presentations and demonstrations excluding site visits.
SECTION III
VENDOR INFORMATION

The objective of the Vendor Information section of this RFP is to provide Vendors with information required to respond to the RFP successfully.

1. Interchangeable Designations
   The terms “Vendor” and “Contractor” are referenced throughout this RFP. Generally, references to the “Vendor” are used in conjunction with the proposing organization and procurement process leading up to the final RFP selection and award. The term “Contractor” denotes the role assumed, post-award, by the winning Vendor. Additionally, the terms “State of Mississippi”, “State”, or “ITS” may be used interchangeably throughout this RFP to denote the political entity issuing the RFP and requesting responses from Vendors throughout these specifications. References to a specific agency, institution or other political entity represent the client or customer on whose behalf ITS is issuing the RFP.

2. Vendor’s Responsibility to Examine RFP
   Vendors must examine all documents, forms, specifications, standard provisions, and instructions.

3. Proposal as Property of State
   All written proposal material becomes the property of the State of Mississippi.

4. Written Amendment to RFP
   Any interpretation of an ITS RFP will be made by written amendment only. The State will not be responsible for any other explanation of this RFP. A copy of any amendment will be posted on the ITS website, together with the associated RFP specification. Vendors are required to check the ITS website periodically for RFP amendments before the proposal opening date at:

   http://www.its.ms.gov/Procurement/Pages/RFPS_Awaiting.aspx

   Any and all amendments will be posted no later than noon, seven days prior to the proposal opening date listed on the cover page of this RFP. If you are unable to access the ITS website, you may contact the ITS technology consultant listed on page one of this RFP and request a copy.

5. Oral Communications Not Binding
   Only transactions which are in writing from ITS may be considered official. No negotiations, decisions, or actions shall be executed by any Vendor as a result of any discussions with any State employee.

6. Vendor’s Responsibility for Delivery
   Vendors must ensure, through reasonable and sufficient follow-up, proper compliance with, and fulfillment of all schedules and deliverables specified within the body of this RFP. The State will not be responsible for the failure of any delivery medium for submission of information to or from the Vendor, including but not limited to, public and private carriers, U.S. mail, Internet Service Providers, facsimile, or e-mail.
7. **Evaluation Criteria**

The State’s intent in issuing this RFP is to award a contract to the lowest and best responsive Vendor who meets specifications, considering price and other factors. The Vendor’s past performance, cooperation, and ability to provide service and training are general factors that will be weighed in the selection process. More specific information concerning evaluation criteria is presented in *Technical Specifications*.

8. **Multiple Awards**

*ITS* reserves the right to make multiple awards.

9. **Right to Award in Whole or Part**

*ITS* reserves the right to approve an award by individual items or in total, whichever is deemed to be in the best interest of the State of Mississippi.

10. **Right to Use Proposals in Future Projects**

The State reserves the right to evaluate the awarded proposal from this RFP, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects if (a) it is deemed to be in the best interest of the State to do so; and (b) the Vendor is willing to extend a cost less than or equal to that specified in the awarded proposal and resulting contract. A decision concerning the utilization of a Vendor’s proposal for future projects is solely at the discretion of the State and requires the agreement of the proposing Vendor. The State’s decision to reuse an awarded proposal will be based upon such criteria as: (1) the customer’s business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Vendor, market, and technical environments since the initial award.

11. **Price Changes During Award or Renewal Period**

A price increase will not be accepted during the award period or the renewal period, unless stipulated in the contract. However, the State will always take advantage of price decreases.

12. **Right to Request Information**

The State reserves the right to request information relative to a Vendor’s references and financial status and to visit a Vendor’s facilities during normal working hours. The State also reserves the right to request a current financial statement, prepared and certified by an independent auditing firm, and reserves the right to require that Vendors document their financial ability to provide the products and services proposed up to the total dollar amount of the Vendor’s cost proposal. The State reserves the right to request information about the Vendor from any previous customer of the Vendor of whom the State is aware, even if that customer is not included in the Vendor’s list of references.

13. **Vendor Personnel**

For RFPs including professional services specifications, the Vendor will be required to provide and/or certify the following for each individual included in the Vendor’s proposal:

13.1 A direct telephone number at which the individual may be contacted for a telephone interview. The State will pay toll charges in the continental United States. The Vendor must arrange a toll-free number for all other calls.
13.2 That, if onsite interviews are required, the individual can be at the specified location in Mississippi within the timeframe specified. All costs associated with onsite interviews will be the responsibility of the Vendor.

13.3 That the individual is proficient in spoken and written English;

13.4 That the individual is a U.S. citizen or that the individual meets and will maintain employment eligibility requirements in compliance with all INS regulations. The Vendor must provide evidence of identification and employment eligibility prior to the award of a contract that includes any personnel who are not U.S. citizens.

13.5 That the personnel assigned to a project will remain a part of the project throughout the duration of the contract as long as the personnel are employed by the Vendor, unless replaced by the Vendor at the request of the State. This requirement includes the responsibility for ensuring all non-citizens maintain current INS eligibility throughout the duration of the contract.

14. **Vendor Imposed Constraints**

The Vendor must specifically document what limitations, if any, exist in working with any other Contractor acting in the capacity of the State’s business partner, subcontractor or agent who may be managing any present or future projects; performing quality assurance; integrating the Vendor’s software; and/or providing web-hosting, hardware, networking or other processing services on the State’s behalf. The project relationship may be based on roles as either equal peers; supervisory – subordinate; or subordinate – supervisory, as determined by the State. The State recognizes that the Vendor may have trade secrets, intellectual property and/or business relationships that may be subject to its corporate policies or agreements. The State must understand these issues in order to decide to what degree they may impact the State’s ability to conduct business for this project. These considerations will be incorporated accordingly into the proposal evaluation and selection process. The understanding reached between the Vendor and the State with regard to this business relationship precludes the Vendor from imposing any subsequent limitations of this type in future project undertakings by the State.

15. **Best and Final Offer**

The State reserves the right to solicit Best and Final Offers (BAFOs) from Vendors, principally in situations in which proposal costs eclipse available funding or the State believes none of the competing proposals presents a Best Value (lowest and best proposal) opportunity. Because of the time and expense incurred by both the Vendor community and the State, BAFOs are not routinely conducted. Vendors should offer their best pricing with the initial solicitation. Situations warranting solicitation of a BAFO will be considered an exceptional practice for any procurement. Vendors that remain in a competitive range within an evaluation may be requested to tender Best and Final Offers, at the sole discretion of the State. All such Vendors will be provided an equal opportunity to respond with a Best and Final Offer under a procedure to be defined by the State that encompasses the specific, refined needs of a project, as part of the BAFO solicitation. The State may re-evaluate and amend the original project specifications should it be deemed necessary in order to improve the opportunity for attaining Best Value scenarios from among the remaining competing Vendors. All BAFO proceedings will be uniformly
conducted, in writing and subject to solicitation by the State and receipt from the Vendors under a precise schedule.

16. **Restriction on Advertising**
The Vendor must receive written approval from the State before advertising or referencing the award of the contract or the services being provided. The Vendor must agree not to refer to awards in commercial advertising in such a manner as to state or imply that the firm or its services are endorsed or preferred by the State of Mississippi.

17. **Rights Reserved to Use Existing Product Contracts**
The State reserves the right on turnkey projects to secure certain products from other existing ITS contracts if it is in its best interest to do so. If this option is exercised, then the awarded Vendor must be willing to integrate the acquisition and implementation of such products within the schedule and system under contract.

18. **Additional Information to be Included**
In addition to answering each specification within this RFP, the Vendor must include complete product/service information, including product pictorials and technical/descriptive literature relative to any product/service offered with the proposal. Information submitted must be sufficiently detailed to substantiate that the products/services offered meet or exceed specifications.

19. **Valid Contract Required to Begin Work**
The successful Vendor should not commence any billable work until a valid contract has been executed. Any work done by the successful Vendor prior to the execution of the contract is done at the Vendor's sole risk. The State is under no obligation to pay for work done prior to the execution of a contract.
SECTION IV
LEGAL AND CONTRACTUAL INFORMATION

The objective of the Legal and Contractual Information section is to provide Vendors with information required to complete a contract or agreement with ITS successfully.

1. Acknowledgment Precludes Later Exception
   By signing the Submission Cover Sheet, the Vendor is contractually obligated to comply with all items in this RFP, including the Standard Contract in Exhibit A if included herein, except those specifically listed as exceptions on the Proposal Exception Summary Form. If no Proposal Exception Summary Form is included, the Vendor is indicating that he takes no exceptions. Vendors who respond to this RFP by signing the Submission Cover Sheet may not later take exception to any item in the RFP during contract negotiations. This acknowledgement also contractually obligates any and all subcontractors that may be proposed. No exceptions by subcontractors or separate terms and conditions will be entertained after the fact.

2. Failure to Respond as Prescribed
   Failure to respond as described in Section II: Proposal Submission Requirements to any item in the sections and exhibits of this RFP, including the Standard Contract attached as Exhibit A, if applicable, shall contractually obligate the Vendor to comply with that item.

3. Contract Documents
   ITS will be responsible for all document creation and editorial control over all contractual documentation related to each procurement project. The following documents will normally be included in all contracts between ITS and the Vendor:

   3.1 The Proposal Exception Summary Form as accepted by ITS;
   3.2 Contracts which have been signed by the Vendor and ITS;
   3.3 ITS’ Request for Proposal, including all addenda;
   3.4 Official written correspondence from ITS to the Vendor;
   3.5 Official written correspondence from the Vendor to ITS when clarifying the Vendor’s proposal; and
   3.6 The Vendor’s proposal response to the ITS RFP.

4. Order of Precedence
   When a conflict arises regarding contract intent due to conflicting statements in documents included in the contract, the order of precedence of each document is as listed above unless modification of order is negotiated and agreed upon by both ITS and the winning Vendor.

   The contract will also include such additional provisions, which are not inconsistent or incompatible with the material terms of this RFP, as may be agreed upon by the parties. All of the foregoing shall be in such form and substance as prescribed by the State.
6. **Contracting Agent by Law**
The Executive Director of ITS is, by law, the purchasing and contracting agent for the State of Mississippi in the negotiation and execution of all contracts for the acquisition of computer and telecommunications equipment, systems, software, and services (Section 25-53-1, et seq., of the Mississippi Code Annotated). ITS is issuing this RFP on behalf of the procuring agency or institution. ITS and the procuring agency or institution are sometimes collectively referred to within this RFP as "State."

7. **Mandatory Legal Provisions**

7.1 The State of Mississippi is self-insured; all requirements for the purchase of casualty or liability insurance are deleted.

7.2 Any provisions disclaiming implied warranties shall be null and void. See Mississippi Code Annotated Sections 11-7-18 and 75-2-719(4). The Vendor shall not disclaim the implied warranties of merchantability and fitness for a particular purpose.

7.3 The Vendor shall have no limitation on liability for claims related to the following items:

7.3.1 Infringement issues;

7.3.2 Bodily injury;

7.3.3 Death;

7.3.4 Physical damage to tangible personal and/or real property; and/or

7.3.5 The intentional and willful misconduct or negligent acts of the Vendor and/or Vendor’s employees or subcontractors.

7.4 All requirements that the State pay interest (other than in connection with lease-purchase contracts not exceeding five years) are deleted.

7.5 Any contract negotiated under this RFP will be governed by and construed according to the laws of the State of Mississippi. Venue for the resolution of any dispute shall be Jackson, Hinds County, Mississippi.

7.6 Any contract negotiated under this RFP is cancelable in the event the funding authority does not appropriate funds. Notice requirements to Vendor cannot exceed sixty (60) days.

7.7 The State of Mississippi does not waive its sovereign immunities or defenses as provided by law by entering into this contract with the Vendor, Vendor agents, subcontractors, or assignees.

7.8 The State will deliver payments to the Vendor within forty-five (45) days after receipt of invoice and receipt, inspection, and approval of Vendor’s products/services. No late charges will exceed 1.5% per month on any unpaid
balance from the expiration of said period until payment is delivered. See Section 31-7-305 of the Mississippi Code Annotated. Seller understands and agrees that Purchaser is exempt from the payment of taxes.

7.9 The State shall not pay any attorney’s fees, prejudgment interest or the cost of legal action to or for the Vendor.

8. **Approved Contract**

8.1 Award of Contract - A contract is considered to be awarded to a proposer once the proposer’s offering has been approved as lowest and best proposal through:

8.1.1 Written notification made to proposers on ITS letterhead, or

8.1.2 Notification posted to the ITS website for the project, or

8.1.3 CP-1 authorization executed for the project, or

8.1.4 The ITS Board’s approval of same during an open session of the Board.

8.2 **ITS** statute specifies whether **ITS** Director approval or **ITS** Board approval is applicable for a given project, depending on the total lifecycle cost of the contract.

8.3 A contract is not deemed final until five (5) working days after either the award of contract or post procurement review, as stipulated in the **ITS** Protest Procedure and Policy. In the event of a valid protest, the State may, at its sole discretion, continue the procurement or stay the procurement in accordance with the **ITS** Protest Procedure and Policy. If the procurement is stayed, the contract is not deemed final until the protest is resolved.

9. **Contract Validity**
All contracts are valid only if signed by the Executive Director of **ITS**.

10. **Order of Contract Execution**
Vendors will be required to sign contracts and to initial all contract changes before the Executive Director of **ITS** signs.

11. **Availability of Funds**
All contracts are subject to availability of funds of the acquiring State entity and are contingent upon receipt by the winning Vendor of a purchase order from the acquiring State entity.

12. **CP-1 Requirement**
All purchase orders issued for goods and services acquired from the awarded Vendor under this RFP must be encoded by the Customer agency with a CP-1 approval number assigned by **ITS**. This requirement does not apply to acquisitions that by policy have been delegated to State entities.
13. **Requirement for Electronic Payment and Invoicing**

13.1 Payments to the awarded Vendor for all goods and services acquired under this RFP by state agencies that make payments through the Mississippi State Government’s Enterprise Resource Planning (ERP) solution (“MAGIC”) will be made electronically, via deposit to the bank account of the Vendor’s choice. The awarded Vendor must enroll and be activated in PayMode™, the State’s current vehicle for sending and receiving electronic payments, prior to receiving any payments from state agencies. There is no charge for a Vendor to enroll or receive payments via PayMode. For additional information on PayMode, including registration instructions, Vendors should visit the following website: [http://portal.paymode.com/ms/](http://portal.paymode.com/ms/). Vendors may also request assistance from the Mississippi Management and Reporting System (MMRS) Call Center regarding PayMode registration by contacting mash@dfa.ms.gov.

13.2 For state agencies that make payments through MAGIC, the awarded Vendor is required to submit electronically all invoices for goods and services acquired under this RFP, along with appropriate supporting documentation, as directed by the State.

13.3 Items 13.1 and 13.2 only apply to state agencies that make payments through MAGIC. Payments and invoices for all other entities will conform to their standard methods of payment to contractors.

14. **Time For Negotiations**

14.1 All contractual issues must be successfully negotiated within fifteen (15) working days from the Vendor’s initial receipt of the project contract from ITS, unless ITS consents to extend the period. Failure to complete negotiations within the stated time period constitutes grounds for rejection of the Vendor’s response to this RFP. ITS may withdraw the proposal award and begin negotiations with the next ranked Vendor immediately or pursue any other option.

14.2 Negotiations shall be limited to items to which the Vendor has noted as exceptions on their Proposal Exception Summary Form, as well as any new items that the State may require. All contract changes requested by the Vendor related to such exceptions noted in Vendor’s proposal shall be submitted three (3) working days prior to scheduled negotiations, unless ITS consents to a different period.

15. **Prime Contractor**

The selected Vendor will be designated the prime contractor in the proposal, and as such, shall be solely responsible for all products/services offered in the proposal and for the fulfillment of the contract with the State.

16. **Sole Point of Contact**

ITS will consider the selected Vendor to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.
16.1 The Vendor must acknowledge and agree that in matters of proposals, clarifications, negotiations, contracts and resolution of issues and/or disputes, the Vendor represents all contractors, third parties and/or subcontractors the Vendor has assembled for this project. The Vendor’s commitments are binding on all such parties and consequently the State is only required to negotiate with the Vendor.

16.2 Furthermore, the Vendor acknowledges and agrees to pass all rights and/or services related to all general consulting, services leasing, software licensing, warranties, hardware maintenance and/or software support to the State from any contractor, third party or subcontractor without the State having to negotiate separately or individually with any such parties for these terms or conditions.

16.3 Should a proposing Vendor wish to assign payment of any or all charges resulting from this contract to a third party, Vendor must disclose that fact in his/her proposal, along with the third party’s name, address, nature of business, and relationship to the proposing Vendor, the reason for and purpose of the assignment, and all conditions of the assignment, including but not limited to a copy of an assignment document to be executed by the State, the Vendor, and the third party. Such assignments will be accepted or rejected at the sole discretion of the State. Vendor must clearly and definitively state in his/her proposal whether the proposal is contingent upon the requested assignment of payments. Whenever any assignment of payment is requested, the proposal, contract, and assignment document must include language specifically guaranteeing that the proposing Vendor is solely and fully liable and responsible for the performance of its obligations under the subject contract. No assignment of payment will be considered at the time of purchase unless such assignment was fully disclosed in the Vendor’s proposal and subsequently accepted by the State.

17. **ITS Approval of Subcontractor Required**
Unless provided in the contract, the Vendor shall not contract with any other party for furnishing any of the contracted work or services without the consent, guidance, and written approval of the State. **ITS** reserves the right of refusal and the right to request replacement of a subcontractor due to unacceptable work or conduct. This provision should not be interpreted as requiring the approval of individual contracts of employment between the Vendor and personnel assigned for services under the contract.

18. **Inclusion of Subcontract Agreements**
Copies of any agreements to be executed between the Vendor and any subcontractors must be included in the Vendor’s proposal.

19. **Negotiations with Subcontractor**
In order to protect the State’s interest, **ITS** reserves the right to attempt to resolve the contractual disagreements that may arise between the Vendor and its subcontractor after award of the contract.

20. **References to Vendor to Include Subcontractor**
All references in the RFP to “Vendor” shall be construed to encompass both the Vendor and its subcontractors.

21. **Outstanding Vendor Obligations**

21.1 Any Vendor who presently owes the State of Mississippi money pursuant to any contract for which ITS is the contracting agent and who has received written notification from ITS regarding the monies owed, must submit, with the proposal, a certified check in the amount due and owing in order for the proposal in response to this RFP to be considered. For a Vendor currently in bankruptcy as of the RFP submission date, this requirement is met, if and only if, ITS has an active petition before the appropriate bankruptcy court for recovery of the full dollar amount presently owed to the State of Mississippi by that Vendor. If the Vendor has emerged from bankruptcy by the RFP submission date, the Vendor must pay in full any amount due and owing to the State, as directed in the court-approved reorganization plan, prior to any proposal being considered.

21.2 Any Vendor who is presently in default on existing contracts for which ITS is the contracting agent, or who otherwise is delinquent in the performance of any such contracted obligations, is in the sole judgment of the State required to make arrangement for fulfilling outstanding obligations to the satisfaction of the State in order for the proposal to be considered.

21.3 The State, at its sole discretion, may reject the proposal of a Vendor with any significant outstanding financial or other obligations to the State or who is in bankruptcy at the time of proposal submission.

22. **Equipment Condition**

For all RFPs requiring equipment, the Vendor must furnish only new equipment in response to ITS specifications, unless an explicit requirement for used equipment is otherwise specified.

23. **Delivery Intervals**

The Vendor’s proposal must specify, in the Cost Information Submission and in response to any specific instructions in the Technical Specifications, delivery and installation intervals after receipt of order.

24. **Pricing Guarantee**

The Vendor must explicitly state, in the Cost Information Submission and in response to any specific instructions in the Technical Specifications, how long the proposal will remain valid. Unless stated to the contrary in the Technical Specifications, pricing must be guaranteed for a minimum of ninety (90) days.

25. **Shipping Charges**

For all RFPs requiring shipment of any product or component, all products must be delivered FOB destination to any location within the geographic boundaries of the State with all transportation charges prepaid and included in the RFP proposal or LOC quotation. Destination is the point of use.
26. **Amortization Schedule**
   For all RFPs requiring equipment, contracts involving the payment of interest must include an amortization schedule clearly documenting the amount of interest payable over the term of the contract.

27. **Americans with Disabilities Act Compliance for Web Development and Portal Related Services**
   All Web and Portal development work must be designed and implemented in compliance with the Electronic and Information Technology Accessibility Standards associated with Section 508 of the Rehabilitation Act and with the Web Accessibility Initiative (WAI) of the W3C.

28. **Ownership of Developed Software**
   
   28.1 When specifications require the Vendor to develop software for the State, the Vendor must acknowledge and agree that the State is the sole owner of such developed software with exclusive rights to use, alter, or distribute the software without restriction. This requirement applies to source code, object code, and documentation.

   28.2 The State may be willing to grant the Vendor a nonexclusive license to use the State’s software subject to devising acceptable terms and license fees. This requirement is a matter of State Law, and not negotiable.

29. **Ownership of Custom Tailored Software**
   In installations where the Vendor’s intellectual property is modified and custom-tailored to meet the needs of the State, the Vendor must offer the State an application license entitling the State to use, and/or alter the software without restriction. These requirements apply to source code, object code and documentation.

30. **Terms of Software License**
   The Vendor acknowledges and agrees that the term of all software licenses provided to the State shall be perpetual unless stated otherwise in the Vendor’s proposal.

31. **The State is Licensee of Record**
   The Vendor must not bypass the software contracting phase of a project by licensing project software intended for State use in its company name. Upon award of a project, the Vendor must ensure that the State is properly licensed for all software that is proposed for use in a project.

32. **Compliance with Enterprise Security Policy**
   Any solution proposed in response to this RFP must be in compliance with the State of Mississippi’s Enterprise Security Policy. The Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines and covers the following topics: web servers, email, virus prevention, firewalls, data encryption, remote access, passwords, servers, physical access, traffic restrictions, wireless, laptop and mobile devices, disposal of hardware/media, and application assessment/certification. Given that information security is an evolving technology practice, the State reserves the right to introduce new policy during the term of the contract resulting from this RFP and require the Vendor to comply with same in the event the industry introduces more secure, robust
solutions or practices that facilitate a more secure posture for the State of Mississippi. Vendors wanting to view the Enterprise Security Policy should contact the Technology Consultant listed on the cover page of this RFP.

33. **Negotiating with Next-Ranked Vendor**
Should the State cease doing business with any Vendor selected via this RFP process, for any reason, the State reserves the right to initiate negotiations with the next ranked Vendor.

34. **Disclosure of Proposal Information**
Vendors should be aware that any information in a proposal may be subject to disclosure or reproduction under the Mississippi Public Records Act of 1983, defined in Section 25-61-1 et seq. of the Mississippi Code Annotated. All disclosures of proposal information will be made in compliance with the ITS Public Records Procedures established in accordance with the Mississippi Public Records Act. The ITS Public Records Procedures are available in Section 019-010 of the ITS Procurement Handbook, on the ITS Internet site at:

As outlined in the Third Party Information section of the ITS Public Records Procedures, ITS will give written notice to any affected Vendor of a request to view or reproduce the Vendor’s proposal or portion thereof. ITS will not, however, give such notice with respect to summary information prepared in connection with the State’s review or evaluation of a Vendor’s proposal, including, but not limited to, written presentations to the ITS Board or other approving bodies, and/or similar written documentation prepared for the project file. In addition, ITS will not provide third-party notice for requests for any contract executed as a result of this RFP.

Summary information and contract terms, as defined above, become the property of ITS, who has the right to reproduce or distribute this information without notification.

Vendors should further be aware that requests for disclosure of proposal information are sometimes received by ITS significantly after the proposal opening date. ITS will notify the signatory “Officer in Bind of Company” provided in Section I of this RFP for Notification of Public Records Requests in the event information is requested that your company might wish to consider protecting as a trade secret or as confidential commercial or financial information. If the “Officer in Bind of Company” should not be used for notification of public records requests, Vendor should provide the alternative contact information in response to this RFP item.

35. **Risk Factors to be Assessed**
The State will assess risk factors that may initially exist within a given procurement and that may develop over the course of a procurement process as facts become known. The State, at its sole discretion, may employ the following mechanisms in mitigating these risks: proposal bonding, performance bonding, progress payment plan with retainage, inclusion of liquidated damages, and withholding payment for all portions of the
products/services acquired until final acceptance. The Vendor must agree to incorporate any or all of the above terms and conditions into the customer agreement.

36. **Proposal Bond**  
A proposal bond is not required.

37. **Performance Bond/Irrevocable Bank Letter of Credit**  
Neither a Performance Bond or Irrevocable Bank Letter of Credit is required.

38. **Responsibility for Behavior of Vendor Employees/Subcontractors**  
The Vendor will be responsible for the behavior of all its employees and subcontractors while on the premises of any State agency or institution. Any Vendor employee or subcontractor acting in a manner determined by the administration of any State agency or institution to be detrimental, abusive, or offensive to any of the staff or student body of any State agency or institution will be asked to leave the premises and can be suspended from further work on the premises.

39. **Protests**  
The Executive Director of ITS and/or the Board Members of ITS or their designees shall have the authority to resolve Vendor protests in connection with the selection for award of a contract. Copies of the protest procedures are available on the ITS Internet site - ITS Protest Procedure and Policy, Section 019-020, ITS Procurement Handbook at:

40. **Protest Bond**  
Potential Vendors may protest any of the specifications of this RFP on the belief that the specification is unlawful, unduly restrictive, or unjustifiably restraining to competition. Any such protest must be in writing and submitted to the ITS Executive Director along with the appropriate protest bond within five (5) working days of the Official Release of the RFP, as defined in the ITS Protest Procedure and Policy. The outside of the envelope must be marked “Protest” and must specify RFP number 3986.

As a condition precedent to filing any protest related to this procurement, the Vendor must procure, submit to the ITS Executive Director with its written protest, and maintain in effect at all times during the course of the protest or appeal thereof, a protest bond in the full amount of the total estimated project lifecycle cost or $250,000.00 whichever is less. The total estimated project lifecycle cost will be the amount used by ITS in the computation of cost points, as the low cost in the denominator of the cost evaluation formula. The bond shall be accompanied by a duly authenticated or certified document evidencing that the person executing the bond is a licensed Mississippi agent for the bonding company. This certified document shall identify the name and address of the person or entity holding the protest bond and shall identify a contact person to be notified in the event that the State is required to take action against the bond. The protest bond shall not be released to the protesting Vendor until the protest is finally resolved and the time for appealing said protest has expired. The protest bond shall be procured at the protesting Vendor’s expense and be payable to the Mississippi Department of Information Technology Services. Prior to approval of the protest bond, ITS reserves the right to review the protest bond and require the protesting Vendor to substitute an acceptable bond in such form as
the State may reasonably require. The premiums on such bond shall be paid by the protesting Vendor. The State may claim against the protest bond as specified in Section 25-53-5 (n) of the Mississippi Code of 1972, as amended during the 1998 Mississippi legislative session, in addition to all other rights and remedies the State may have at law or in equity.

Should the written protest submitted by the Vendor fail to comply with the content requirements of ITS’ protest procedure and policy, fail to be submitted within the prescribed time limits, or fail to have the appropriate protest bond accompany it, the protest will be summarily dismissed by the ITS Executive Director.

41. **Mississippi Employment Protection Act**

Effective July 1, 2008, Vendor acknowledges that if awarded, it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008), and will register and participate in the status verification system for all newly hired employees. The term “employee” as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, “status verification system” means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Vendor will agree to maintain records of such compliance and, upon request of the State, to provide a copy of each such verification to the State.

Vendor acknowledges and certifies that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi.

Vendor acknowledges that violating the E-Verify Program (or successor thereto) requirements subjects Vendor to the following: (a) cancellation of any state or public contract and ineligibility for any state or public contract for up to three (3) years, with notice of such cancellation being made public, or (b) the loss of any license, permit, certification or other document granted to Vendor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. Vendor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.
SECTION V
PROPOSAL EXCEPTIONS

Please return the Proposal Exception Summary Form at the end of this section with all exceptions to items in any Section of this RFP listed and clearly explained or state “No Exceptions Taken.” If no Proposal Exception Summary Form is included, the Vendor is indicating that he takes no exceptions to any item in this RFP document.

1. Unless specifically disallowed on any specification herein, the Vendor may take exception to any point within this RFP, including a specification denoted with "shall" or "must," as long as the following are true:
   1.1 The specification is not a matter of State law;
   1.2 The proposal still meets the intent of the RFP;
   1.3 A Proposal Exception Summary Form is included with Vendor’s proposal; and
   1.4 The exception is clearly explained, along with any alternative or substitution the Vendor proposes to address the intent of the specification, on the Proposal Exception Summary Form.

2. The Vendor has no liability to provide items to which an exception has been taken. ITS has no obligation to accept any exception. During the proposal evaluation and/or contract negotiation process, the Vendor and ITS will discuss each exception and take one of the following actions:
   2.1 The Vendor will withdraw the exception and meet the specification in the manner prescribed;
   2.2 ITS will determine that the exception neither poses significant risk to the project nor undermines the intent of the RFP and will accept the exception;
   2.3 ITS and the Vendor will agree on compromise language dealing with the exception and will insert same into the contract; or
   2.4 None of the above actions is possible, and ITS either disqualifies the Vendor’s proposal or withdraws the award and proceeds to the next ranked Vendor.

3. Should ITS and the Vendor reach a successful agreement, ITS will sign adjacent to each exception which is being accepted or submit a formal written response to the Proposal Exception Summary responding to each of the Vendor’s exceptions. The Proposal Exception Summary, with those exceptions approved by ITS, will become a part of any contract on acquisitions made under this RFP.

4. An exception will be accepted or rejected at the sole discretion of the State.

5. The State desires to award this RFP to a Vendor or Vendors with whom there is a high probability of establishing a mutually agreeable contract, substantially within the standard terms and conditions of the State’s RFP, including the Standard Contract in Exhibit A, if
included herein. As such, Vendors whose proposals, in the sole opinion of the State, reflect a substantial number of material exceptions to this RFP, may place themselves at a comparative disadvantage in the evaluation process or risk disqualification of their proposals.

6. For Vendors who have successfully negotiated a contract with ITS in the past, ITS requests that, prior to taking any exceptions to this RFP, the individual(s) preparing this proposal first confer with other individuals who have previously submitted proposals to ITS or participated in contract negotiations with ITS on behalf of their company, to ensure the Vendor is consistent in the items to which it takes exception.

5. **Non-Disclosure of Social Security Numbers**

SECTION VII
TECHNICAL SPECIFICATIONS

1. How to Respond to this Section

1.1 Beginning with Item 2.1 of this section, label and respond to each outline point in this section as it is labeled in the RFP.

1.2 The Vendor must respond with “ACKNOWLEDGED”, “WILL COMPLY”, or “AGREED” to each point in this section. In addition, many items in this RFP require detailed and specific responses to provide the requested information. Failure to provide the information requested will result in the Vendor receiving a lower score for that item, or, at the State’s sole discretion, being subject to disqualification.

1.3 “ACKNOWLEDGED” should be used when no vendor response or vendor compliance is required. “ACKNOWLEDGED” simply means the vendor is confirming to the State that he read the statement. This is commonly used in the RFP sections where the agency’s current operating environment is described or where general information is being given about the project.

1.4 “WILL COMPLY” or “AGREED” are used interchangeably to indicate that the vendor will adhere to the requirement. These terms are used to respond to statements that specify that a vendor or vendor’s proposed solution must comply with a specific item or must perform a certain task.

1.5 If the Vendor cannot respond with “ACKNOWLEDGED”, “WILL COMPLY”, or “AGREED”, then the Vendor must respond with “EXCEPTION.” (See Section V, for additional instructions regarding Vendor exceptions.)

1.6 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.

1.7 In addition to the above, Vendor must provide explicit details as to the manner and degree to which the proposal meets or exceeds each specification.

2. Mandatory Provisions in Technical Requirements for this RFP

2.1 Certain items in the technical specifications of this RFP are MANDATORY. Vendors are specifically disallowed from taking exception to these mandatory requirements, and proposals that do not meet all mandatory requirements are subject to immediate disqualification.

2.2 MANDATORY: Attendance at the Mandatory Vendor Web Conference on March 6, 2018, at 3:00 p.m. (Central Time), is mandatory for any Vendor who intends to submit an RFP response. No exceptions will be granted to this requirement. Any proposal received from a Vendor who did not have an authorized representative at the Vendor Conference will be rejected. Vendors
must contact Wallace Burns prior to 3:00 p.m. on March 5, 2018, to receive
instructions on how to access the web conference.

3. **General Overview and Background**

   3.1 Since 2015, MDWFP has been testing and evaluating multiple camera systems
       (worn on the uniform or other outer garment). During this period, a list of
       specifications, characteristics, and functions has been compiled that should be
       included in a preferred body camera system. The objective is to equip MDWFP
       officers with a user-friendly and effective body worn camera system, to
document in real-time use-of-force/other events and what may led up to the
   event. The purpose of obtaining this law enforcement tool is to strengthen an
   officer’s case involving the justice system and tort claims. Since September
   2016, MDWFP has had no ability to document audio and video interactions
   with the public.

when requested by MDWFP. Cost for doing so must be included in response to Section VIII, Cost information Submission.

9.4 If any component(s) necessary for operation of the requested product and system is omitted from Vendor’s proposal, Vendor must be willing to provide the component(s) at no additional cost. This includes, but is not limited to, all connectors, cables, chargers, maintenance, etc. necessary to render the configuration fully-operational.

10. Training/Support

10.1 Vendor must provide 24/7 help desk service for technical and data support, as needed for the five (5) year term of this contract.

10.2 MANDATORY: On-site training is mandatory for all officers’ assigned body worn cameras and administrative staff.

12. **Additional Requirements**

12.1 **ITS** acknowledges that the specifications within this RFP are not exhaustive. Rather, they reflect the known requirements that must be met by the proposed system. Vendors must specify, here, what additional components may be needed and are proposed in order to complete each configuration.

13. **Scoring Methodology**

13.1 An Evaluation Team composed of MDWFP and **ITS** staff will review and evaluate all proposals. All information provided by the Vendors, as well as any other information available to evaluation team, will be used to evaluate the proposals.

13.1.1 Each category included in the scoring mechanism is assigned a weight between one and 100.

13.1.2 The sum of all categories, other than Value-Add, equals 100 possible points.

13.1.3 Value-Add is defined as product(s) or service(s), exclusive of the stated functional and technical requirements and provided to the State at no additional charge, which, in the sole judgment of the State, provide both benefit and value to the State significant enough to distinguish the proposal and merit the award of additional points. A Value-Add rating between 0 and 5 may be assigned based on the assessment of the evaluation team. These points will be added to the total score.

13.1.4 For the evaluation of this RFP, the Evaluation Team will use the following categories and possible points:

<table>

13.2 The evaluation will be conducted in four stages as follows:

13.2.1 Stage 1 – Selection of Responsive/Valid Proposals – Each proposal will be reviewed to determine if it is sufficiently responsive to the
RFP requirements to permit a complete evaluation. A responsive proposal must comply with the instructions stated in this RFP with regard to content, organization/format, Vendor experience, number of copies, bond requirement, timely delivery, and must be responsive to all mandatory requirements. No evaluation points will be awarded in this stage. Failure to submit a complete proposal may result in rejection of the proposal.

13.2.2 Stage 2 – Non-cost Evaluation (all requirements excluding cost)

13.2.2.1 Non-cost categories and possible point values are as follows:

<table>
<thead>
<tr>
<th>Non-Cost Categories</th>

**Maximum Possible Points** 65

13.2.2.2 Proposals meeting fewer than 80% of the requirements in one or more of the non-cost categories may be eliminated from further consideration.

13.2.2.3 ITS scores the non-cost categories on a 10-point scale, with 9 points for meeting the requirement. The ‘Meets Specs’ score for each category is 90% of the total points allocated for that category. For example, the Vendor Experience category was allocated 15 points; a proposal that fully met all requirements in that section would have scored 90% of 15, or 13.5 points. The additional 10% or 1.5 points is reserved for a proposal that exceeds the requirement for an item in a way that provides additional benefits to the state.

13.2.3 Stage 3 – Cost Evaluation

Points will be assigned using the following formula:

\[(1 - ((B - A)/A))^n\]

Where:

A = Total lifecycle cost of lowest valid proposal
B = Total lifecycle cost of proposal being scored
n = Maximum number of points allocated to cost for acquisition

Cost categories and maximum point values are as follows:

<table>
<thead>
<tr>
<th>Cost Category</th>

13.2.4 Stage 4 – Selection of the successful Vendor

13.2.4.1 On-site Demonstrations and Interviews

13.2.4.2 At the discretion of the State, evaluators may request interviews, on-site presentations, demonstrations or discussions with any and all Vendors for the purpose of system overview and/or clarification or amplification of information presented in any part of the proposal.

13.2.4.3 If requested, Vendors must be prepared to make on-site demonstrations of system functionality and/or proposal clarifications to the evaluation team and its affiliates within seven calendar days of notification. Each presentation must be made by the project manager being proposed by the Vendor to oversee implementation of this project.

13.2.4.4 Proposed key team members must be present at the on-site demonstration. The evaluation team reserves the right to interview the proposed key team members during this onsite visit.

13.2.4.5 Although on-site demonstrations may be requested, the demonstration will not be allowed in lieu of a written proposal.

13.2.4.6 Site Visits

13.2.4.7 At the State’s option, Vendors that remain within a competitive range must be prepared to provide a reference site within seven calendar days of notification. If possible, the reference site should be in the Southeastern region of the United States. Vendor must list potential reference sites in the proposal.

13.3 Final Quantitative Evaluation - Following any requested presentations, demonstrations, and/or site visits, the Evaluation Team will re-evaluate any
technical/functional scores as necessary. The technical/functional and cost scores will then be combined to determine the Vendor’s final score.
SECTION VIII
COST INFORMATION SUBMISSION

Vendors must propose a summary of all applicable project costs in the matrix that follows. The matrix must be supplemented by a cost itemization fully detailing the basis of each cost category. The level of detail must address the following elements as applicable: item, description, quantity, retail, discount, extension, and deliverable. Any cost not listed in this section may result in the Vendor providing those products or services at no charge to the State or face disqualification.

SECTION IX
REFERENCES

Please return the following Reference Forms, and if applicable, Subcontractor Reference Forms.

1. References

1.1 The Vendor must provide at least five (5) references consisting of Vendor accounts that the State may contact. Required information includes customer contact name, address, telephone number, email address, and engagement starting and ending dates. Forms for providing reference information are included later in this RFP section. The Vendor must make arrangements in advance with the account references so that they may be contacted at the Project team's convenience without further clearance or Vendor intercession.

1.2 Any of the following may subject the Vendor’s proposal to being rated unfavorably relative to these criteria or removed from further consideration, at the State's sole discretion:

1.2.1 Failure to provide reference information in the manner described;

1.2.2 Inability of the State to substantiate minimum experience or other requirements from the references provided;

1.2.3 Non-responsiveness of references to the State's attempts to contact them; or

1.2.4 Unfavorable references that raise serious concerns about material risks to the State in contracting with the Vendor for the proposed products or services.

1.3 References should be based on the following profiles and be able to substantiate the following information from both management and technical viewpoints:

1.3.1 The reference installation must be for a project similar in scope and size to the project for which this RFP is issued;

1.3.2 The reference installation must have been operational for at least six (6) months.

1.4 The State reserves the right to request information about the Vendor from any previous customer of the Vendor of whom the State is aware, including the procuring agency and/or other agencies or institutions of the State, even if that customer is not included in the Vendor’s list of references, and to utilize such information in the evaluation of the Vendor’s proposal.

1.5 Unless otherwise indicated in the Scoring Methodology in Section VII, reference information available to the State will be used as follows:
1.5.1 As documentation supporting mandatory experience requirements for companies, products, and/or individuals, as required in this RFP;

1.5.2 To confirm the capabilities and quality of a Vendor, product, or individual for the proposal deemed lowest and best, prior to finalizing the award.

1.6 The State reserves the right to forego reference checking when, at the State’s sole discretion, the evaluation team determines that the capabilities of the recommended Vendor are known to the State.

2. **Subcontractors**

The Vendor’s proposal must identify any subcontractor that will be used and include the name of the company, telephone number, contact person, type of work subcontractor will perform, number of certified employees to perform said work, and three (3) references for whom the subcontractor has performed work that the State may contact. Forms for providing subcontractor information and references are included at the end of this section.

Unless otherwise noted, the requirements found in the References section may be met through a combination of Vendor and subcontractor references and experience. Vendor’s proposal should clearly indicate any mandatory experience requirements met by subcontractors. NOTE: The State reserves the right to eliminate from further consideration proposals in which the prime Vendor does not, in the State’s sole opinion, provide substantive value or investment in the total solution proposed. (i.e. the State does not typically accept proposals in which the prime Vendor is only a brokering agent.)

TURNKEY AGREEMENT
BETWEEN
INSERT VENDOR NAME
AND
MISSISSIPPI DEPARTMENT OF INFORMATION TECHNOLOGY SERVICES
AS CONTRACTING AGENT FOR THE
MISSISSIPPI DEPARTMENT OF WILDLIFE, FISHERIES, AND PARKS

This Turnkey Agreement (hereinafter referred to as “Agreement”) is entered into by and between INSERT VENDOR NAME, a INSERT STATE corporation having its principal place of business at INSERT VENDOR ADDRESS, (hereinafter referred to as “Seller”), and Mississippi Department of Information Technology Services having its principal place of business at 3771 Eastwood Drive, Jackson, Mississippi 39211 (hereinafter referred to as “ITS”), as contracting agent for the Mississippi Department of Wildlife, Fisheries, and Parks located at 1505 Eastover Drive, Jackson, Mississippi 39211 (hereinafter referred to as “Purchaser”). ITS and Purchaser are sometimes collectively referred to herein as “State.”

WHEREAS, Purchaser, pursuant to Request for Proposals (“RFP”) Number 3986, requested proposals for the acquisition of certain equipment, software, installation services, and technical support (collectively “Turnkey Operation”) necessary for the implementation of Body Cameras and a Video Management System; and

WHEREAS, Seller was the successful proposer in an open, fair, and competitive procurement process to provide the system and services described above;

NOW, THEREFORE, in consideration of the mutual understandings, promises, consideration, and agreements set forth, the parties hereto agree as follows:

ARTICLE 1 PERIOD OF PERFORMANCE
1.1 This Agreement will become effective on the date it is signed by all parties and will continue in effect until all tasks required herein, including any post warranty maintenance/support specified in Exhibit A, have been completed. Seller agrees to complete all tasks required under this Agreement, with the exception of warranty service and post warranty maintenance, on or before December 1, 2017, or within such other period as may be agreed to by the parties.

1.2 This Agreement will become a binding obligation on the State only upon the issuance of a valid purchase order by the Purchaser following contract execution and the issuance by ITS of the CP-1 Acquisition Approval Document.

ARTICLE 2 TURNKEY OPERATION AND INSTALLATION
2.1 The Seller agrees to provide Purchaser with a turnkey system consisting of equipment, software, installation services, technical support, maintenance, and training for the implementation of Body Cameras and a Video Management System. Seller agrees to facilitate the integration of the hardware and software for the particular purpose set forth in RFP No. 3986. Seller further agrees that the system, as set forth in RFP No. 3986 and Seller's Proposal in
response thereto, shall operate efficiently and optimally in light of industry standards and as further specified in RFP No. 3986 and Seller’s Proposal in response thereto. RFP No. 3986 and Seller’s Proposal as accepted by the State in response thereto are incorporated herein by reference.

2.2 In matters of proposals, negotiations, contracts, and resolution of issues and/or disputes, the parties agree that: (a) Seller is solely responsible for all products and services being provided in this project; (b) Seller is responsible for the fulfillment of this project; and (c) Seller represents all contractors, third parties, and/or subcontractors Seller has assembled for this project. The Purchaser is required to negotiate only with Seller, as Seller’s commitments, as specified in this Agreement, are binding on all proposed contractors, third parties, and subcontractors.

ARTICLE 3  PURCHASE OF EQUIPMENT AND PURCHASE ORDERS
Subject to the terms and conditions set forth herein, Seller agrees to provide, at the location specified by Purchaser, and Purchaser agrees to buy as needed the equipment, software, and services listed in the attached Exhibit A, which is incorporated herein and at the purchase price set forth therein, but in no event will the total compensation to be paid hereunder exceed the specified sum of $INSERT AMOUNT, unless prior written authorization from ITS has been obtained. Purchaser shall submit a purchase order signed by a representative of Purchaser itemizing the items to be purchased. The purchase order shall be subject to the terms and conditions of this Agreement. The parties agree that Purchaser reserves the right to adjust the quantities of purchases based upon the availability of funding or as determined necessary by Purchaser. Seller guarantees pricing for a period of 180 days from the effective date of this Agreement. In the event there is a national price decrease of the products specified in Seller’s Proposal during this time, Seller agrees to extend the new, lower pricing to Purchaser.

ARTICLE 4  DELIVERY, INSTALLATION, AND RISK OF LOSS
4.1 Seller shall deliver the hardware and software to the location specified by Purchaser and pursuant to the delivery schedule set forth by Purchaser.

4.2 Seller shall complete installation of hardware and software pursuant to the requirements set forth in RFP No. 3986 and Article 5 herein. Seller acknowledges that installation of the system shall be accomplished with minimal interruption of Purchaser’s normal day-to-day operations.

4.3 Seller shall assume and shall bear the entire risk of loss and damage to the hardware/software from any cause whatsoever while in transit and at all times throughout its possession thereof.

4.4 Seller shall be responsible for replacing, restoring, or bringing to at least original condition any damage to floors, ceilings, walls, furniture, grounds, pavements, sidewalks, and the like caused by its personnel and operations during the installation, subject to final approval of ITS. The repairs will be done only by technicians skilled in the various trades involved, using materials and workmanship to match those of the original construction in type and quality.

4.5 Seller shall be responsible for installing all equipment, cable, and materials in accordance with all State, Federal, and industry standards for such items.
ARTICLE 5  SCHEDULE AND ACCEPTANCE

5.1 Seller warrants that all equipment and software shall be properly delivered, installed, and integrated for acceptance testing within the scheduling deadlines set forth by Purchaser, as the site is deemed ready for installation. Seller shall provide Purchaser with an installation schedule identifying the date, time, and location within the scheduling deadlines set forth in RFP No. 3986, or as may be agreed to by the parties.

5.2 During the project initiation, Seller and Purchaser will develop a mutually agreed upon project plan including the division of responsibility between Purchaser’s staff and Seller’s staff. It is understood by the parties that the project work plan must be in place prior to any other work being performed. Once this mutually agreed upon project plan, which will identify specific time frames and deliverable target dates for this project, has been developed, it will be incorporated into and made a part of this Agreement. The dates in the project plan will define the agreed upon period of performance. The parties acknowledge that the project plan will evolve and change from time to time, upon the mutual written agreement of both parties. The parties agree that the deliverables and schedule set forth in the latest version of the project plan will take precedence over any prior plans.

5.3 Seller shall provide all documentation for the software and equipment being tested before acceptance testing will begin. Purchaser shall have 30 working days to review each deliverable and to either notify Seller of acceptance or to provide Seller a detailed list of deficiencies that must be remedied prior to payment being made. In the event the Purchaser notifies the Seller of deficiencies, the Seller, at Seller’s sole expense, shall correct such deficiencies within 15 working days, unless the Purchaser consents in writing to a longer period of time.

5.4 Upon notification by Seller that the turnkey system has been fully implemented and is ready for final system acceptance testing, Purchaser shall have 30 days to evaluate and test the system to confirm that it performs without any defects and performs pursuant to the specifications set forth in RFP No. 3986 and the Seller’s Proposal in response thereto. Seller shall participate, as agreed upon by both parties, in the acceptance testing of the system by providing technical staff at Purchaser’s location to provide assistance in demonstrating all functions of the system. The Purchaser’s official representative must sign off on each application to ensure that the applications meet the functional and technical requirements. In the event that one (1) or more applications supplied by Seller are not accepted, the Seller shall correct the deficiencies or provide, at its own expense, whatever software or equipment that may be required to meet the acceptance criteria within 15 calendar days or a mutually agreed upon time period. In the event the system fails to perform to Purchaser’s satisfaction, Purchaser shall immediately notify Seller. Seller, at Seller’s sole expense, shall correct defects identified by Purchaser within 15 working days, or such other period as the parties may agree upon. The 30 day testing period will be extended by system down-time. In the event Seller is unable to repair or replace the defective product, the Purchaser reserves the right to return the defective product to Seller at Seller’s expense and to cancel this Agreement.

ARTICLE 6  TITLE TO EQUIPMENT

Title to the hardware provided under this Agreement shall pass to Purchaser upon acceptance of the system.
ARTICLE 7 SOFTWARE

7.1 Seller shall furnish the software to Purchaser as set forth in purchase orders submitted and executed by Purchaser, and shall acquire the right to license the software to Purchaser. For purposes of this Article, the term “Purchaser” means the Mississippi Department of Wildlife, Fisheries, and Parks, its employees, and any third party consultants or outsourcers engaged by Purchaser who have a need to know and who shall be bound by the terms and conditions of this license and Agreement.

7.2 Seller accepts sole responsibility for: (a) Purchaser’s system configuration, design, and requirements; (b) the selection of the software to achieve Purchaser’s intended results; (c) the results obtained from the software; and (d) modifications, changes, or alterations to the software provided by Seller.

7.3 Seller understands and agrees that Purchaser shall have: (a) a non-exclusive, non-transferable, enterprise-wide unlimited, and perpetual license for the software listed in Exhibit A; (b) the right to use and customize the software products and the related documentation for Purchaser’s business operations in accordance with the terms and conditions of this Agreement; (c) unlimited use by licensed users of the software products acquired for Purchaser’s operations; (d) use of such software products with a backup platform system, should it be deemed necessary by Purchaser; (e) the right to copy such software for safekeeping, backup, and disaster recovery purposes; (f) the right to combine the software with other programs and modules, and the right to create interfaces to other programs; and (g) the right to reproduce any and all physical documentation supplied under the terms of this Agreement.

7.4 Purchaser agrees that, except as noted herein, it will not otherwise copy, translate, modify, adapt, decompile, disassemble, or reverse engineer any of the software without the prior written consent of Seller. All title and proprietary rights, whether tangible or intangible, including but not limited to copyright, trademark, and trade secret rights, in and to the software are retained by the Seller or the third party software manufacturer as applicable. Purchaser agrees to reproduce and include the copyright, trademark, and other proprietary rights notices on any copies made of the software and documentation.

ARTICLE 8 CONVERSION AND TRAINING

Seller shall, for the fees specified in the attached Exhibit A, provide the conversion activities specified in RFP No. 3986 and Seller’s proposal, as accepted by Purchaser in response thereto, as well as On-site training is mandatory for all officers assigned body-worn cameras and all administrative staff. Seller and Purchaser shall mutually agree on the time for the training and an outline of the training to be provided. Seller specifically understands and agrees that Purchaser will not accept the system until Seller completes the conversion and training requirements. Seller agrees to provide, upon delivery, all user documentation and technical manuals needed to fully acquaint the user with operation of the hardware and software.

ARTICLE 9 CONSIDERATION AND METHOD OF PAYMENT

9.1 Except as provided in the Change Order Rate and Procedure Article of this Agreement, the total compensation to be paid to the Seller by the Purchaser shall not exceed the fixed price of $INSERT AMOUNT for all hardware, software, products, services, travel, performances and expenses under this Agreement, payable as described in Exhibit A, unless prior written authorization from ITS has been obtained. Authorization of payments is subject to the written approval of the Purchaser.
9.2 Upon notification from Purchaser of its final acceptance of the system, Seller shall submit an invoice for payment of the system and for services rendered at the prices set forth in Exhibit A, including an invoice for warranty service, but excluding post warranty maintenance charges. Seller shall certify that the billing is true and correct. Seller shall submit invoices and supporting documentation to Purchaser electronically during the term of this Agreement using the processes and procedures identified by the State. Purchaser agrees to pay Seller in accordance with Mississippi law on “Timely Payments for Purchases by Public Bodies,” Sections 31-7-301, et seq. of the 1972 Mississippi Code Annotated, as amended, which generally provides for payment of undisputed amounts by the State within forty-five (45) days of receipt of the invoice. Seller understands and agrees that Purchaser is exempt from the payment of taxes. All payments should be made in United States currency. Payments by state agencies using Mississippi’s Accountability System for Government Information and Collaboration (MAGIC) shall be made and remittance information provided electronically as directed by the State. The payments by these agencies shall be deposited into the bank account of the Seller’s choice. No payment, including final payment, shall be construed as acceptance of defective products or incomplete work, and the Seller shall remain responsible and liable for full performance in strict compliance with the contract documents specified in the article herein titled “Entire Agreement.”

9.3 Acceptance by the Seller of the last payment from the Purchaser shall operate as a release of all claims against the State by the Seller and any subcontractors or other persons supplying labor or materials used in the performance of the work under this Agreement.

Seller’s obligations pursuant to these warranties shall include, but are not limited to, the correction of all defects in the system and the repair or replacement of the equipment at no cost to Purchaser. In the event Seller cannot repair or replace an item of equipment, Seller shall at the State’s election, either refund the purchase price of the equipment and refund any fees paid for services that directly relate to the defective equipment, or, secure alternate equipment acceptable to the Purchaser that will insure functionality of the system.

10.3 Seller represents and warrants that Seller has the right to sell the equipment and license the software provided under this Agreement.

10.4 Seller represents and warrants that Purchaser shall acquire good and clear title to the hardware purchased hereunder, free and clear of all liens and encumbrances.

Seller further agrees that it will not, under any circumstances including enforcement of a valid contract right, (a) install or trigger a lockup program or device, or (b) take any step which would in any manner interfere with Purchaser’s use of the software and/or which would restrict Purchaser from accessing its data files or in any way interfere with the transaction of Purchaser’s business. For any breach of this warranty, Seller, at its expense, shall, within five (5) working days after receipt of notification of the breach, deliver Products to Purchaser that are free of such disabling code or a lockup program or device.

10.12 Seller represents and warrants that the software, as delivered to Purchaser, does not contain a computer virus. For any breach of this warranty, Seller, at its expense, shall, within five (5) working days after receipt of notification of the breach, deliver Products to Purchaser that are free of any virus and shall be responsible for repairing, at Seller’s expense, any and all damage done by the virus to Purchaser’s site.

This warranty shall cover all components of
the system, including but not limited to all programs, screens, reports, subroutines, utilities, file structures, documentation, interfaces, or other items provided by the Seller. This warranty will apply to the base package plus any customized programs, screens, reports, subroutines, interfaces, utilities, file structures, documentation, or other items proposed and delivered by the Seller specifically for this project. The Seller shall give immediate high priority attention to any mission critical corrections that are needed. If the system does not function accordingly, Seller shall, at the State's election within five (5) working days and at no cost to Purchaser, either correct the defects identified, replace the products with products that are compliant with this warranty, or refund the fees paid for the products and for any services that directly relate to the defective product.

10.14 Seller represents and warrants that upon completion of the project the Seller and all subcontractors shall convey to Purchaser copies of all interim reports, data collection forms, and any working papers that support the final acceptance of the system.

Seller further represents and warrants that upon Purchaser's request, Seller shall pass through such licenses to Purchaser at no cost to Purchaser. In the event the licenses are passed through to Purchaser, such licenses shall name the Purchaser as the license holder of record and such licenses shall be established in such a manner so as to survive the termination/expiration of this Agreement. For any breach of the preceding warranty, Seller at its own expense shall within five (5) business days after receipt of notification of the breach, secure and/or pass through, as applicable, the necessary licenses. Failure of the Seller to secure and/or pass through such licenses to Purchaser shall be considered a material breach of this Agreement and the Purchaser may, at its sole discretion, pursue its rights as set forth in the Termination Article herein and any other rights and remedies it may have at law or in equity.

Seller agrees to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security where required, to provide a copy of each such verification to the State. Seller further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. For any breach of the preceding warranty at any time during which the system is covered by warranty, maintenance and/or support, Seller shall, at its own expense and at no cost to Purchaser, remediate any defect, anomaly or security vulnerability in the system by repairing and/or replacing any and all components of the system necessary in order for the system to be secure.

10.18 Seller represents and warrants that no official or employee of Purchaser or of ITS, and no other public official of the State of Mississippi who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of the project shall, prior to the completion of said project, voluntarily acquire any personal interest, direct or indirect, in this Agreement. The Seller warrants that it has removed any material conflict of interest prior to the signing of this Agreement, and that it shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its responsibilities under this Agreement. The Seller also warrants that in the performance of this Agreement no person having any such known interests shall be employed.

10.19 The Seller represents and warrants that no elected or appointed officer or other employee of the State of Mississippi, nor any member of or delegate to Congress has or shall benefit financially or materially from this Agreement. No individual employed by the State of Mississippi shall be admitted to any share or part of the Agreement or to any benefit that may arise therefrom. The State of Mississippi may, by written notice to the Seller, terminate the right of the Seller to proceed under this Agreement if it is found, after notice and hearing by the ITS Executive Director or his/her designee, that gratuities in the form of entertainment, gifts, jobs, or otherwise were offered or given by the Seller to any officer or employee of the State of Mississippi with a view toward securing this Agreement or securing favorable treatment with respect to the award, or amending or making of any determinations with respect to the performing of such contract, provided that the existence of the facts upon which the ITS Executive Director makes such findings shall be in issue and may be reviewed in any competent court. In the event this Agreement is terminated under this article, the State of Mississippi shall be entitled to pursue the same remedies against the Seller as it would pursue in the event of a breach of contract by the Seller, including punitive damages, in addition to any other damages to which it may be entitled at law or in equity.

ARTICLE 11 INFRINGEMENT INDEMNIFICATION

Seller represents and warrants that neither the software, its elements, nor the use thereof violates or infringes on any copyright, patent, trademark, servicemark, trade secret, or other proprietary right of any person or entity. Seller, at its own expense, shall defend or settle any and all infringement actions filed against Seller or Purchaser which involve the software provided under this Agreement and shall pay all settlements, as well as all costs, attorney fees, damages, and judgment finally awarded against Purchaser. If the continued use of the products for the purpose intended is threatened to be enjoined or is enjoined by any court of competent jurisdiction, Seller shall, at its expense: (a) first procure for Purchaser the right to continue using such products, or upon failing to procure such right; (b) modify or replace them with non-infringing products while maintaining substantially similar software functionality or data/informational content, or upon failing to secure either such right; (c) refund to Purchaser the software license fees previously

It is further understood that in the event the software product lines are discontinued, Seller shall be responsible for supporting the last software release implemented by the Purchaser for a minimum of five (5) years thereafter, with the same level of support as described in this Article. Should Seller migrate away from the database currently required for the software installed for Purchaser to a different database, Seller shall provide updated product and new database licensing to Purchaser at no cost to Purchaser.

A waiver by the State, to be effective, must be in writing, must set out the specifics of what is being waived, and must be signed by an authorized representative of the State.

ARTICLE 22  SEVERABILITY
If any term or provision of this Agreement is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law, provided that the State’s purpose for entering into this Agreement can be fully achieved by the remaining portions of the Agreement that have not been severed.

Seller agrees not to employ or to solicit for employment, directly or indirectly, any of the
Purchaser’s employees until at least one (1) year after the expiration/termination of this
Agreement, unless mutually agreed to the contrary in writing by the Purchaser and the Seller, and
provided that such an agreement between these two entities is not a violation of the laws of the
State of Mississippi or the federal government.

ARTICLE 38  ENTIRE AGREEMENT
38.1 This Agreement constitutes the entire agreement of the parties with respect to the subject
matter contained herein and supersedes and replaces any and all prior negotiations,
understandings, and agreements, written or oral, between the parties relating hereto, including all
terms of any unsigned or “shrink-wrap” license included in any package, media, or electronic
version of Seller-furnished software, or any “click-wrap” or “browse-wrap” license presented in
connection with a purchase via the Internet. The RFP No. 3986 and Seller’s Proposal in response
to RFP No. 3986 are hereby incorporated into and made a part of this Agreement.

38.2 The Agreement made by and between the parties hereto shall consist of and precedence
is hereby established by the order of the following:

A. This Agreement signed by both parties;
B. Any exhibits attached to this Agreement;
C. RFP No. 3986 and written addenda; and
D. Seller’s Proposal, as accepted by Purchaser, in response to RFP No. 3986.

38.3 The intent of the above listed documents is to include all items necessary for the proper
execution and completion of the services by the Seller. The documents are complementary, and
what is required by one shall be binding as if required by all. A higher order document shall
supersede a lower order document to the extent necessary to resolve any conflict or inconsistency
arising under the various provisions thereof, provided, however, that in the event an issue is
addressed in one of the above mentioned documents but is not addressed in another of such
documents, no conflict or inconsistency shall be deemed to occur by reason thereof. The
documents listed above are shown in descending order of priority, that is, the highest document
begins with the first listed document (“A. This Agreement”) and the lowest document is listed last
(“D. Seller’s Proposal”).
ARTICLE 39  STATE PROPERTY AND LOCATION OF WORK

39.1 Seller shall be responsible for the proper custody of any Purchaser-owned property furnished for Seller’s use in connection with work performed pursuant to this Agreement. Seller shall reimburse the Purchaser for any loss or damage, normal wear and tear excepted.

39.2 All work provided in connection with this contract will be required to be performed on-site in the Purchaser’s offices in Jackson, Mississippi, unless written approval is received from the State. Seller accepts full responsibility for all problems arising out of a decision to perform off-site work.

ARTICLE 40  SURVIVAL

Articles 10, 11, 12, 13, 20, 24, 28, 33, 34, 36, 37, and all other articles, which by their express terms so survive or which should so reasonably survive, shall survive any termination or expiration of this Agreement.

ARTICLE 41  DEBARMENT AND SUSPENSION CERTIFICATION

Seller certifies that neither it nor its principals: (a) are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency; (b) have, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; (c) are presently indicted of or otherwise criminally or civilly charged by a governmental entity with the commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; and (d) have, within a three (3) year period preceding this Agreement, had one or more public transactions (federal, state, or local) terminated for cause or default.

ARTICLE 42  COMPLIANCE WITH ENTERPRISE SECURITY POLICY

Seller and Purchaser understand and agree that all products and services provided by Seller under this Agreement must be and remain in compliance with the State of Mississippi’s Enterprise Security Policy. The parties understand and agree that the State’s Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines at the time of contract execution. The State reserves the right to introduce a new policy during the term of this Agreement and require the Seller to comply with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi.

ARTICLE 43  STATUTORY AUTHORITY

By virtue of Section 25-53-21 of the Mississippi Code Annotated, as amended, the Executive Director of ITS is the purchasing and contracting agent for the State of Mississippi in the negotiation and execution of all contracts for the acquisition of information technology equipment, software, and services. The parties understand and agree that ITS as contracting agent is not responsible or liable for the performance or non-performance of any of Purchaser’s or Seller's contractual obligations, financial or otherwise, contained within this Agreement. The parties
further acknowledge that ITS is not responsible for ensuring compliance with any guidelines, conditions, or requirements mandated by Purchaser’s funding source.

**ARTICLE 44 TRANSPARENCY**

In accordance with the Mississippi Accountability and Transparency Act of 2008, §27-104-151, et seq., of the Mississippi Code of 1972, as Amended, the American Accountability and Transparency Act of 2009 (P.L. 111-5), where applicable, and §31-7-13 of the Mississippi Code of 1972, as amended, where applicable, a fully executed copy of this Agreement and any subsequent amendments and change orders shall be posted to the State of Mississippi's accountability website at: https://www.transparency.mississippi.gov. Prior to ITS posting the Agreement and any subsequent amendments and change orders to the website, any attached exhibits which contain trade secrets or other proprietary information and are labeled as “confidential” will be redacted by ITS. Notwithstanding the preceding, however, it is understood and agreed that pursuant to §25-61-9(7) of the Mississippi Code of 1972, as amended, the contract provisions specifying the commodities purchased or the services provided; the price to be paid; and the term of this Agreement shall not be deemed a trade secret or confidential commercial or financial information and shall thus not be redacted.

**ARTICLE 45 PERSONNEL ASSIGNMENT GUARANTEE**

Seller guarantees that the personnel assigned to this project will remain a part of the project throughout the duration of the Agreement, as long as the personnel are employed by the Seller and are not replaced by Seller pursuant to the third paragraph of the Article herein titled “Employment Status.” Seller further agrees that the assigned personnel will function in the capacity for which their services were acquired throughout the life of the Agreement, and any failure by Seller to so provide these persons shall entitle the State to terminate this Agreement for cause. Seller agrees to pay the Purchaser fifty percent (50%) of the total contract amount if any of the assigned personnel is removed from the project prior to the ending date of the contract for reasons other than departure from Seller’s employment or replacement by Seller pursuant to the third paragraph of the Article herein titled “Employment Status.” Subject to the State’s written approval, the Seller may substitute qualified persons in the event of the separation of the incumbents therein from employment with Seller or for other compelling reasons that are acceptable to the State and may assign additional staff to provide technical support to Purchaser. The replacement personnel shall have equal or greater ability, experience, and qualifications than the departing personnel and shall be subject to the prior written approval of the Purchaser. The Seller shall not permanently divert any staff member from meeting work schedules developed and approved under this Agreement, unless approved in writing by the Purchaser. In the event of Seller personnel loss or redirection, the services performed by the Seller shall be uninterrupted and the Seller shall report in required status reports its efforts and progress in finding replacements and the effect of the absence of those personnel.

**ARTICLE 46 CHANGE ORDER RATE AND PROCEDURE**

46.1 It is understood that the State may, at any time, by a written order, make changes in the scope of the project. No changes in scope are to be conducted or performed by the Seller except by the express written approval of the State. The Seller shall be obligated to perform all changes requested by the Purchaser which have no price or schedule effect.

46.2 The Seller shall have no obligation to proceed with any change that has a price or schedule effect until the parties have mutually agreed in writing thereto. Neither the State nor the Seller shall be obligated to execute such a change order; if no such change order is executed, the Seller
shall not be obliged or authorized to perform services beyond the scope of this Agreement and the contract documents. All executed change orders shall be incorporated into previously defined deliverables.

46.3 With respect to any change orders issued in accordance with this Article, the Seller shall be compensated for work performed under a change order according to the hourly change order rate specified in Seller’s proposal in response to RFP No. 3986, which is incorporated herein. If there is a service that is not defined in the change order rate, the Seller and the State will negotiate the rate. The Seller agrees that each change order rate shall be a “fully loaded” rate, that is, it includes the cost of all materials, travel expenses, per diem, and all other expenses and incidentals incurred by the Seller in the performance of the change order. The Seller shall invoice the Purchaser upon acceptance by the Purchaser of all work documented in the change order, and the Purchaser shall pay invoice amounts on the terms set forth in this Agreement.

46.4 Upon agreement of the parties to enter into a change order, the parties will execute such a change order setting forth in reasonable detail the work to be performed thereunder, the revisions necessary to the specifications or performance schedules of any affected project work plan, and the estimated number of professional services hours that will be necessary to implement the work contemplated therein. The price of the work to be performed under any change order will be determined based upon the change order rate; however, the change order will be issued for a total fixed dollar amount and may not be exceeded regardless of the number of hours actually expended by the Seller to complete the work required by that change order. The project work plan will be revised as necessary.

46.5 The Seller will include in the progress reports delivered under this Agreement the status of work performed under all then current change orders.

46.6 In the event the Seller and the State enter into a change order which increases or decreases the time required for the performance of any part of the work under this Agreement, the Seller shall submit to the Purchaser a revised version of the project work plan, clearly indicating all changes, at least five (5) working days prior to implementing any such changes.

46.7 The Purchaser shall promptly review all revised project work plans submitted under this Agreement and shall notify the Seller of its approval or disapproval, in whole or in part, of the proposed revisions, stating with particularity all grounds for any disapproval, within ten (10) working days of receiving the revisions from the Seller. If the Purchaser fails to respond in such time period or any extension thereof, the Purchaser shall be deemed to have approved the revised project work plan.
For the faithful performance of the terms of this Agreement, the parties have caused this Agreement to be executed by their undersigned representatives.
