PROPOSAL BONDS

A Proposal Bond is not required for this procurement.
SECTION II
PROPOSAL SUBMISSION REQUIREMENTS

The objective of the Proposal Submission Requirements section is to provide Vendors with the information required to submit a response to this Request for Proposal (RFP). A Vendor who has responded to previous RFPs issued by ITS should not assume that the requirements are the same, as changes may have been made.

1. Failure to follow any instruction within this RFP may, at the State’s sole discretion, result in the disqualification of the Vendor’s proposal.

2. The State has no obligation to locate or acknowledge any information in the Vendor’s proposal that is not presented under the appropriate outline according to these instructions and in the proper location.

3. The Vendor’s proposal must be received, in writing, by the office of ITS by the date and time specified. ITS is not responsible for any delays in delivery or expenses for the development or delivery of proposals. Any proposal received after proposal opening time will be returned unopened. Any proposal received with insufficient postage will be returned unopened.

4. Proposals or alterations by fax, e-mail, or phone will not be accepted.

5. Original signatures are required on one copy of the Submission Cover Sheet and Configuration Summary, and the Vendor’s original submission must be clearly identified as the original. The Vendor’s original proposal must include the Proposal Bond (if explicitly required in Section IV).

6. ITS reserves the right to reject any proposals, including those with exceptions, prior to and at any time during negotiations.

7. ITS reserves the right to waive any defect or irregularity in any proposal procedure.

8. The Vendor may intersperse their response following each RFP specification but must not otherwise alter or rekey any of the original text of this RFP. If the State determines that the Vendor has altered any language in the original RFP, the State may, in its sole discretion, disqualify the Vendor from further consideration. The RFP issued by ITS is the official version and will supersede any conflicting RFP language submitted by the Vendor.

9. The Vendor must conform to the following standards in the preparation of the Vendor’s proposal:

9.1 The Vendor is required to submit one clearly marked original response and five (5) identical copy/copies of the complete proposal, including all sections and exhibits, in three-ring binders.

9.2 To prevent opening by unauthorized individuals, all copies of the proposal must be sealed in the package. A label containing the information on the RFP cover page must be clearly typed and affixed to the package in a clearly visible location.
9.3 Number each page of the proposal.

9.4 Respond to the sections and exhibits in the same order as this RFP.

9.5 Label and tab the responses to each section and exhibit, using the corresponding headings from the RFP.

9.6 If the Vendor does not agree with any item in any section, then the Vendor must list the item on the Proposal Exception Summary Form. (See Section V for additional instructions regarding Vendor exceptions.)

9.7 Occasionally, an outline point in an attachment requests information which is not applicable to the products/services proposed. If the Vendor is certain the point does not apply to the given RFP, the Vendor should respond with “NOT APPLICABLE.”

9.8 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.

9.9 When an outline point/attachment is a statement provided for the Vendor’s information only, the Vendor need only read that point. The Vendor acknowledges having read and accepting, or taking exception to, all sections by signing the Submission Cover Sheet and providing a Proposal Exception Summary Form.

9.10 Where a minimum requirement has been identified, respond by stating the item (e.g., device name/model number, guaranteed response time) proposed and how it will meet the specifications.

9.11 The Vendor must fully respond to each requirement within the Technical Specifications by fully describing the manner and degree by which the proposal meets or exceeds said requirements.

10. It is the responsibility of the Vendor to clearly identify all costs associated with any item or series of items in this RFP. The Vendor must include and complete all parts of the cost proposal in a clear and accurate manner. Omissions, errors, misrepresentations, or inadequate details in the Vendor’s cost proposal may be grounds for rejection of the Vendor’s proposal. Costs that are not clearly identified will be borne by the Vendor. The Vendor must complete the Cost Information Submission in this RFP, which outlines the minimum requirements for providing cost information. The Vendor should supply supporting details as described in the Cost Information Submission.

11. ITS reserves the right to request additional information or clarification of a Vendor’s proposal. The Vendor’s cooperation during the evaluation process in providing ITS staff with adequate responses to requests for clarification will be considered a factor in the evaluation of the Vendor’s overall responsiveness. Lack of such cooperation or failure to provide the information in the manner required may, at the State’s discretion, result in the disqualification of the Vendor’s proposal.
12. Unsolicited clarifications and updates submitted after the deadline for proposals will be accepted or rejected at the sole discretion of ITS.

13. Unsolicited clarifications in the evaluation and selection of lowest and best proposal will be considered only if all the following conditions are met:

13.1 A clarification to a proposal that includes a newly announced product line or service with equal or additional capability to be provided at or less than the proposed price will be considered.

13.2 Information provided must be in effect nationally and have been formally and publicly announced through a news medium that the Vendor normally uses to convey customer information.

13.3 Clarifications must be received early enough in the evaluation process to allow adequate time for re-evaluation.

13.4 The Vendor must follow procedures outlined herein for submitting updates and clarifications.

13.5 The Vendor must submit a statement outlining the circumstances for the clarification.

13.6 The Vendor must submit one clearly marked original and five (5) copies of the clarification.

13.7 The Vendor must be specific about which part of the original proposal is being changed by the clarification (i.e., must include exact RFP reference to section and outline point).

14. Communications with State

From the issue date of this RFP until a Vendor is selected and the selection is announced, responding Vendors or their representatives may not communicate, either orally or in writing regarding this RFP with any statewide elected official, state officer or employee, member of the legislature or legislative employee except as noted herein. To ensure equal treatment for each responding Vendor, all questions regarding this RFP must be submitted in writing to the State’s contact person for the selection process, and not later than the last date for accepting responding Vendor questions provided in this RFP. All such questions will be answered officially by the State in writing. All such questions and answers will become addenda to this RFP, and they will be posted to the ITS web site. Vendors failing to comply with this requirement will be subject to disqualification.

14.1 The State’s contact person for the selection process is: Lynn Ainsworth, ISS Division Director, 3771 Eastwood Drive, Jackson, MS 39211, 601-432-8150, lynn.ainsworth@its.ms.gov.

14.2 Vendor may consult with State representatives as designated by the State’s contact person identified in 14.1 above in response to State-initiated inquiries. Vendor may consult with State representatives during scheduled oral presentations and demonstrations excluding site visits.
SECTION III
VENDOR INFORMATION

The objective of the Vendor Information section of this RFP is to provide Vendors with information required to respond to the RFP successfully.

1. **Interchangeable Designations**
   The terms “Vendor” and “Contractor” are referenced throughout this RFP. Generally, references to the “Vendor” are used in conjunction with the proposing organization and procurement process leading up to the final RFP selection and award. The term “Contractor” denotes the role assumed, post-award, by the winning Vendor. Additionally, the terms “State of Mississippi,” “State” or “ITS” may be used interchangeably throughout this RFP to denote the political entity issuing the RFP and requesting responses from Vendors throughout these specifications. References to a specific agency, institution or other political entity represent the client or customer on whose behalf ITS is issuing the RFP.

2. **Vendor’s Responsibility to Examine RFP**
   Vendors must examine all documents, forms, specifications, standard provisions, and instructions.

3. **Proposal as Property of State**
   All written proposal material becomes the property of the State of Mississippi.

4. **Written Amendment to RFP**
   Any interpretation of an ITS RFP will be made by written amendment only. The State will not be responsible for any other explanation of this RFP. A copy of any amendment will be posted on the ITS website, together with the associated RFP specification. Vendors are required to check the ITS website periodically for RFP amendments before the proposal opening date at:

   http://www.its.ms.gov/Procurement/Pages/RFPS_Awaiting.aspx

   Any and all amendments will be posted no later than noon, seven days prior to the proposal opening date listed on the cover page of this RFP. If you are unable to access the ITS website, you may contact the ITS resource listed on the cover page of this RFP and request a copy.

5. **Oral Communications Not Binding**
   Only transactions which are in writing from ITS may be considered official. No negotiations, decisions, or actions shall be executed by any Vendor as a result of any discussions with any State employee.

6. **Vendor’s Responsibility for Delivery**
   Vendors must ensure, through reasonable and sufficient follow-up, proper compliance with, and fulfillment of all schedules and deliverables specified within the body of this RFP. The State will not be responsible for the failure of any delivery medium for submission of information to or from the Vendor, including but not limited to, public and private carriers, U.S. mail, Internet Service Providers, facsimile, or e-mail.
7. **Evaluation Criteria**
   The State's intent in issuing this RFP is to award a contract to the lowest and best responsive Vendors who meet specifications, considering price and other factors. The Vendor’s past performance, cooperation, and ability to provide service and training are general factors that will be weighed in the selection process. More specific information concerning evaluation criteria is presented in *Technical Specifications*.

8. **Multiple Awards**
   ITS reserves the right to make multiple awards, and anticipates doing so with this RFP.

9. **Right to Award in Whole or Part**
   ITS reserves the right to approve an award by individual items or in total, whichever is deemed to be in the best interest of the State of Mississippi.

10. **Right to Use Proposals in Future Projects**
    The State reserves the right to evaluate the awarded proposal from this RFP, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects if (a) it is deemed to be in the best interest of the State to do so; and (b) the Vendor is willing to extend a cost less than or equal to that specified in the awarded proposal and resulting contract. A decision concerning the utilization of a Vendor's proposal for future projects is solely at the discretion of the State and requires the agreement of the proposing Vendor. The State’s decision to reuse an awarded proposal will be based upon such criteria as: (1) the customer’s business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Vendor, market, and technical environments since the initial award.

    The State also reserves the right for governmental entities outside of Mississippi to use the award from this RFP (i.e., piggyback language), in a similar manner as outlined in the paragraph above.

11. **Price Changes During Award or Renewal Period**
    A price increase will not be accepted during the award period or the renewal period, unless stipulated in the contract. However, the State will always take advantage of price decreases.

12. **Right to Request Information**
    The State reserves the right to request information relative to a Vendor's references and financial status and to visit a Vendor's facilities during normal working hours. The State also reserves the right to request a current financial statement, prepared and certified by an independent auditing firm, and reserves the right to require that Vendors document their financial ability to provide the products and services proposed up to the total dollar amount of the Vendor's cost proposal. The State reserves the right to request information about the Vendor from any previous customer of the Vendor of whom the State is aware, even if that customer is not included in the Vendor's list of references.

13. **Vendor Personnel**
    For RFPs including professional services specifications, the Vendor will be required to provide and/or certify the following for each individual included in the Vendor’s proposal:
13.1 A direct telephone number at which the individual may be contacted for a telephone interview. The State will pay toll charges in the continental United States. The Vendor must arrange a toll-free number for all other calls.

13.2 That, if onsite interviews are required, the individual can be at the specified location in Mississippi within the timeframe specified. All costs associated with onsite interviews will be the responsibility of the Vendor.

13.3 That the individual is proficient in spoken and written English;

13.4 That the individual is a U.S. citizen or that the individual meets and will maintain employment eligibility requirements in compliance with all United States Citizenship and Immigration Services (USCIS) regulations. The Vendor must provide evidence of identification and employment eligibility prior to the award of a contract that includes any personnel who are not U.S. citizens.

13.5 That the personnel assigned to a project will remain a part of the project throughout the duration of the contract as long as the personnel are employed by the Vendor, unless replaced by the Vendor at the request of the State. This requirement includes the responsibility for ensuring all non-citizens maintain current USCIS eligibility throughout the duration of the contract.

14. **Vendor Imposed Constraints**
The Vendor must specifically document what limitations, if any, exist in working with any other Contractor acting in the capacity of the State’s business partner, subcontractor or agent who may be managing any present or future projects; performing quality assurance; integrating the Vendor’s software; and/or providing web-hosting, hardware, networking or other processing services on the State’s behalf. The project relationship may be based on roles as either equal peers; supervisory – subordinate; or subordinate – supervisory, as determined by the State. The State recognizes that the Vendor may have trade secrets, intellectual property and/or business relationships that may be subject to its corporate policies or agreements. The State must understand these issues in order to decide to what degree they may impact the State’s ability to conduct business for this project. These considerations will be incorporated accordingly into the proposal evaluation and selection process. The understanding reached between the Vendor and the State with regard to this business relationship precludes the Vendor from imposing any subsequent limitations of this type in future project undertakings by the State.

15. **Best and Final Offer**
The State reserves the right to solicit Best and Final Offers (BAFOs) from Vendors, principally in situations in which proposal costs eclipse available funding or the State believes none of the competing proposals presents a Best Value (lowest and best proposal) opportunity. Because of the time and expense incurred by both the Vendor community and the State, BAFOs are not routinely conducted. Vendors should offer their best pricing with the initial solicitation. Situations warranting solicitation of a BAFO will be considered an exceptional practice for any procurement. Vendors that remain in a competitive range within an evaluation may be requested to tender Best and Final Offers, at the sole discretion of the State. All such Vendors will be provided an equal opportunity to respond with a Best and Final Offer under a procedure to be defined by the State that
encompasses the specific, refined needs of a project, as part of the BAFO solicitation. The State may re-evaluate and amend the original project specifications should it be deemed necessary in order to improve the opportunity for attaining Best Value scenarios from among the remaining competing Vendors. All BAFO proceedings will be uniformly conducted, in writing and subject to solicitation by the State and receipt from the Vendors under a precise schedule.

16. **Restriction on Advertising**
The Vendor must receive written approval from ITS before advertising or referencing the award of the contract or the services being provided. The Vendor must agree not to refer to awards in commercial advertising in such a manner as to state or imply that the firm or its services are endorsed or preferred by the State of Mississippi.

17. **Rights Reserved to Use Existing Product Contracts**
The State reserves the right on turnkey projects to secure certain products from other existing ITS contracts if it is in its best interest to do so. If this option is exercised, then the awarded Vendor must be willing to integrate the acquisition and implementation of such products within the schedule and system under contract.

18. **Additional Information to be Included**
In addition to answering each specification within this RFP, the Vendor must include complete product/service information, including product pictorials and technical/descriptive literature relative to any product/service offered with the proposal. Information submitted must be sufficiently detailed to substantiate that the products/services offered meet or exceed specifications.

19. **Valid Contract Required to Begin Work**
The successful Vendors should not commence any billable work until a valid contract has been executed. Any work done by the successful Vendors prior to the execution of the contract is done at the Vendors’ sole risk. The State is under no obligation to pay for work done prior to the execution of a contract.
SECTION IV
LEGAL AND CONTRACTUAL INFORMATION

The objective of the Legal and Contractual Information section is to provide Vendors with information required to complete a contract or agreement with ITS successfully.

1. Acknowledgment Precludes Later Exception
By signing the Submission Cover Sheet, the Vendor is contractually obligated to comply with all items in this RFP, including the Standard Contract in Exhibit A if included herein, except those specifically listed as exceptions on the Proposal Exception Summary Form. If no Proposal Exception Summary Form is included, the Vendor is indicating that he takes no exceptions. Vendors who respond to this RFP by signing the Submission Cover Sheet may not later take exception to any item in the RFP during contract negotiations. This acknowledgement also contractually obligates any and all subcontractors that may be proposed. No exceptions by subcontractors or separate terms and conditions will be entertained after the fact.

2. Failure to Respond as Prescribed
Failure to respond as described in Section II: Proposal Submission Requirements to any item in the sections and exhibits of this RFP, including the Standard Contract attached as Exhibit A, if applicable, shall contractually obligate the Vendor to comply with that item.

3. Contract Documents
ITS will be responsible for all document creation and editorial control over all contractual documentation related to each procurement project. The following documents will normally be included in all contracts between ITS and the Vendor:

3.1 The Proposal Exception Summary Form as accepted by ITS;
3.2 Contracts which have been signed by the Vendor and ITS;
3.3 ITS’ Request for Proposal, including all addenda;
3.4 Official written correspondence from ITS to the Vendor;
3.5 Official written correspondence from the Vendor to ITS when clarifying the Vendor’s proposal; and
3.6 The Vendor’s proposal response to the ITS RFP.

4. Order of Precedence
When a conflict arises regarding contract intent due to conflicting statements in documents included in the contract, the order of precedence of each document is as listed above unless modification of order is negotiated and agreed upon by both ITS and the winning Vendors.
5. **Additional Contract Provisions**

   The contract will also include such additional provisions, which are not inconsistent or incompatible with the material terms of this RFP, as may be agreed upon by the parties. All of the foregoing shall be in such form and substance as prescribed by the State.

6. **Contracting Agent by Law**

   The Executive Director of ITS is, by law, the purchasing and contracting agent for the State of Mississippi in the negotiation and execution of all contracts for the acquisition of computer and telecommunications equipment, systems, software, and services (Section 25-53-1, et seq., of the Mississippi Code Annotated). ITS is issuing this RFP on behalf of the Mississippi Department of Finance and Administration (DFA) and local governmental entities in Mississippi. ITS, DFA, and those entities are sometimes collectively referred to within this RFP as "State."

7. **Mandatory Legal Provisions**

   7.1 The State of Mississippi is self-insured; all requirements for the purchase of casualty or liability insurance are deleted.

   7.2 Any provisions disclaiming implied warranties shall be null and void. See Mississippi Code Annotated Sections 11-7-18 and 75-2-719(4). The Vendor shall not disclaim the implied warranties of merchantability and fitness for a particular purpose.

   7.3 The Vendor shall have no limitation on liability for claims related to the following items:

      7.3.1 Infringement issues;
      7.3.2 Bodily injury;
      7.3.3 Death;
      7.3.4 Physical damage to tangible personal and/or real property; and/or
      7.3.5 The intentional and willful misconduct or negligent acts of the Vendor and/or Vendor’s employees or subcontractors.

   7.4 All requirements that the State pay interest (other than in connection with lease-purchase contracts not exceeding five years) are deleted.

   7.5 Any contract negotiated under this RFP will be governed by and construed according to the laws of the State of Mississippi. Venue for the resolution of any dispute shall be Jackson, Hinds County, Mississippi.

   7.6 Any contract negotiated under this RFP is cancelable in the event the funding authority does not appropriate funds. Notice requirements to Vendor cannot exceed sixty (60) days.
7.7 The State of Mississippi does not waive its sovereign immunities or defenses as provided by law by entering into this contract with the Vendors, Vendor agents, subcontractors, or assignees.

7.8 The State will deliver payments to the Vendor within forty-five (45) days after receipt of invoice and receipt, inspection, and approval of Vendor's products/services. No late charges will exceed 1.5% per month on any unpaid balance from the expiration of said period until payment is delivered. See Section 31-7-305 of the Mississippi Code Annotated. Seller understands and agrees that Purchaser is exempt from the payment of taxes.

7.9 The State shall not pay any attorney's fees, prejudgment interest or the cost of legal action to or for the Vendor.

8. **Approved Contract**

8.1 Award of Contract - A contract is considered to be awarded to a proposer once the proposer's offering has been approved as lowest and best proposal through:

8.1.1 Written notification made to proposers on ITS letterhead, or

8.1.2 Notification posted to the ITS website for the project, or

8.1.3 CP-1 authorization executed for the project, or

8.1.4 The ITS Board's approval of same during an open session of the Board.

8.2 ITS statute specifies whether ITS Director approval or ITS Board approval is applicable for a given project, depending on the total lifecycle cost of the contract.

8.3 A contract is not deemed final until five (5) working days after either the award of contract or post procurement review, as stipulated in the ITS Protest Procedure and Policy. In the event of a valid protest, the State may, at its sole discretion, continue the procurement or stay the procurement in accordance with the ITS Protest Procedure and Policy. If the procurement is stayed, the contract is not deemed final until the protest is resolved.

9. **Contract Validity**

All contracts are valid only if signed by the Executive Director of ITS.

10. **Order of Contract Execution**

Vendors will be required to sign contracts and to initial all contract changes before the Executive Director of ITS signs.
11. **Availability of Funds**  
All contracts are subject to availability of funds of the acquiring local governmental entity and are contingent upon receipt by an awarded Vendor of a purchase order from the acquiring entity.

12. **CP-1 Requirement**  
This requirement does not apply to awards made from this RFP.

13. **Requirement for Electronic Payment and Invoicing**
   13.1 Payments and invoices for all other entities will conform to their standard methods of payment to contractors.

14. **Time For Negotiations**
   14.1 All contractual issues must be successfully negotiated within fifteen (15) working days from the Vendor’s initial receipt of the project contract from **ITS**, unless **ITS** consents to extend the period. Failure to complete negotiations within the stated time period constitutes grounds for rejection of the Vendor’s response to this RFP. **ITS** may withdraw the proposal award and begin negotiations with the next ranked Vendor immediately or pursue any other option.

   14.2 Negotiations shall be limited to items to which the Vendor has noted as exceptions on their Proposal Exception Summary Form, as well as any new items that the State may require. All contract changes requested by the Vendor related to such exceptions noted in Vendor’s proposal shall be submitted three (3) working days prior to scheduled negotiations, unless **ITS** consents to a different period.

15. **Prime Contractor**  
The selected Vendors will be designated the prime contractor in the proposal, and as such, shall be solely responsible for all products/services offered in the proposal and for the fulfillment of the contract with the State.

16. **Sole Point of Contact**  
**ITS** will consider the selected Vendors to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.

   16.1 The Vendor must acknowledge and agree that in matters of proposals, clarifications, negotiations, contracts and resolution of issues and/or disputes, the Vendor represents all contractors, third parties and/or subcontractors the Vendor has assembled for this project. The Vendor’s commitments are binding on all such parties and consequently the State is only required to negotiate with the Vendor.

   16.2 Furthermore, the Vendor acknowledges and agrees to pass all rights and/or services related to all general consulting, services leasing, software licensing, warranties, hardware maintenance and/or software support to the State from any contractor, third party or subcontractor without the State having to
negotiate separately or individually with any such parties for these terms or conditions.

16.3 Should a proposing Vendor wish to assign payment of any or all charges resulting from this contract to a third party, Vendor must disclose that fact in his/her proposal, along with the third party’s name, address, nature of business, and relationship to the proposing Vendor, the reason for and purpose of the assignment, and all conditions of the assignment, including but not limited to a copy of an assignment document to be executed by the State, the Vendor, and the third party. Such assignments will be accepted or rejected at the sole discretion of the State. Vendor must clearly and definitively state in his/her proposal whether the proposal is contingent upon the requested assignment of payments. Whenever any assignment of payment is requested, the proposal, contract, and assignment document must include language specifically guaranteeing that the proposing Vendor is solely and fully liable and responsible for the performance of its obligations under the subject contract. No assignment of payment will be considered at the time of purchase unless such assignment was fully disclosed in the Vendor’s proposal and subsequently accepted by the State.

17. **ITS Approval of Subcontractor Required**

Unless provided in the contract, the Vendor shall not contract with any other party for furnishing any of the contracted work or services without the consent, guidance, and written approval of the State. **ITS** reserves the right of refusal and the right to request replacement of a subcontractor due to unacceptable work or conduct. This provision should not be interpreted as requiring the approval of individual contracts of employment between the Vendor and personnel assigned for services under the contract.

18. **Inclusion of Subcontract Agreements**

Copies of any agreements to be executed between the Vendor and any subcontractors must be included in the Vendor’s proposal.

19. **Negotiations with Subcontractor**

In order to protect the State’s interest, **ITS** reserves the right to attempt to resolve the contractual disagreements that may arise between the Vendor and its subcontractor after award of the contract.

20. **References to Vendor to Include Subcontractor**

All references in the RFP to “Vendor” shall be construed to encompass both the Vendor and its subcontractors.

21. **Outstanding Vendor Obligations**

21.1 Any Vendor who presently owes the State of Mississippi money pursuant to any contract for which **ITS** is the contracting agent and who has received written notification from **ITS** regarding the monies owed, must submit, with the proposal, a certified check in the amount due and owing in order for the proposal in response to this RFP to be considered. For a Vendor currently in
bankruptcy as of the RFP submission date, this requirement is met, if and only if, ITS has an active petition before the appropriate bankruptcy court for recovery of the full dollar amount presently owed to the State of Mississippi by that Vendor. If the Vendor has emerged from bankruptcy by the RFP submission date, the Vendor must pay in full any amount due and owing to the State, as directed in the court-approved reorganization plan, prior to any proposal being considered.

21.2 Any Vendor who is presently in default on existing contracts for which ITS is the contracting agent, or who otherwise is delinquent in the performance of any such contracted obligations, is in the sole judgment of the State required to make arrangement for fulfilling outstanding obligations to the satisfaction of the State in order for the proposal to be considered.

21.3 The State, at its sole discretion, may reject the proposal of a Vendor with any significant outstanding financial or other obligations to the State or who is in bankruptcy at the time of proposal submission.

22. **Equipment Condition**
   For all RFPs requiring equipment, the Vendor must furnish only new equipment in response to ITS specifications, unless an explicit requirement for used equipment is otherwise specified.

23. **Delivery Intervals**
   The Vendor's proposal must specify, in the *Cost Information Submission* and in response to any specific instructions in the *Technical Specifications*, delivery and installation intervals after receipt of order.

24. **Pricing Guarantee**
   The Vendor must explicitly state, in the *Cost Information Submission* and in response to any specific instructions in the *Technical Specifications*, how long the proposal will remain valid. Unless stated to the contrary in the *Technical Specifications*, pricing must be guaranteed for a minimum of ninety (90) days.

25. **Shipping Charges**
   For all RFPs requiring shipment of any product or component, all products must be delivered FOB destination to any location within the geographic boundaries of the State with all transportation charges prepaid and included in the RFP proposal or LOC quotation. Destination is the point of use.

26. **Amortization Schedule**
   For all RFPs requiring equipment, contracts involving the payment of interest must include an amortization schedule clearly documenting the amount of interest payable over the term of the contract.

27. **Americans with Disabilities Act Compliance for Web Development and Portal Related Services**
   All Web and Portal development work must be designed and implemented in compliance with the Electronic and Information Technology Accessibility Standards associated with
Section 508 of the Rehabilitation Act and with the Web Accessibility Initiative (WAI) of the W3C.

28. **Ownership of Developed Software**

28.1 When specifications require the Vendor to develop software for the State, the Vendor must acknowledge and agree that the State is the sole owner of such developed software with exclusive rights to use, alter, or distribute the software without restriction. This requirement applies to source code, object code, and documentation.

28.2 The State may be willing to grant the Vendor a nonexclusive license to use the State’s software subject to devising acceptable terms and license fees. This requirement is a matter of State Law, and not negotiable.

29. **Ownership of Custom Tailored Software**

In installations where the Vendor’s intellectual property is modified and custom-tailored to meet the needs of the State, the Vendor must offer the State an application license entitling the State to use, and/or alter the software without restriction. These requirements apply to source code, object code and documentation.

30. **Terms of Software License**

The Vendor acknowledges and agrees that the term of all software licenses provided to the State shall be perpetual unless stated otherwise in the Vendor’s proposal.

31. **The State is Licensee of Record**

The Vendor must not bypass the software contracting phase of a project by licensing project software intended for State use in its company name. Upon award of a project, the Vendor must ensure that the State is properly licensed for all software that is proposed for use in a project.

32. **Compliance with Enterprise Security Policy**

Any solution proposed in response to this RFP must be in compliance with the State of Mississippi’s Enterprise Security Policy. The Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines and covers the following topics: web servers, email, virus prevention, firewalls, data encryption, remote access, passwords, servers, physical access, traffic restrictions, wireless, laptop and mobile devices, disposal of hardware/media, and application assessment/certification. Given that information security is an evolving technology practice, the State reserves the right to introduce new policy during the term of the contract resulting from this RFP and require the Vendor to comply with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi. Vendors wanting to view the Enterprise Security Policy should notify the contact listed on the cover page of this RFP.

33. **Negotiating with Next-Ranked Vendor**

Should the State cease doing business with any Vendor selected via this RFP process, for any reason, the State reserves the right to initiate negotiations with the next ranked Vendor.
34. Disclosure of Proposal Information
Vendors should be aware that any information in a proposal may be subject to disclosure or reproduction under the Mississippi Public Records Act of 1983, defined in Section 25-61-1 et seq. of the Mississippi Code Annotated. All disclosures of proposal information will be made in compliance with the ITS Public Records Procedures established in accordance with the Mississippi Public Records Act. The ITS Public Records Procedures are available in Section 019-010 of the ITS Procurement Handbook, on the ITS Internet site at:

As outlined in the Third Party Information section of the ITS Public Records Procedures, ITS will give written notice to any affected Vendor of a request to view or reproduce the Vendor’s proposal or portion thereof. ITS will not, however, give such notice with respect to summary information prepared in connection with the State’s review or evaluation of a Vendor’s proposal, including, but not limited to, written presentations to the ITS Board or other approving bodies, and/or similar written documentation prepared for the project file. In addition, ITS will not provide third-party notice for requests for any contract executed as a result of this RFP.

Summary information and contract terms, as defined above, become the property of ITS, who has the right to reproduce or distribute this information without notification.

Vendors should further be aware that requests for disclosure of proposal information are sometimes received by ITS significantly after the proposal opening date. ITS will notify the signatory “Officer in Bind of Company” provided in Section I of this RFP for Notification of Public Records Requests in the event information is requested that your company might wish to consider protecting as a trade secret or as confidential commercial or financial information. If the “Officer in Bind of Company” should not be used for notification of public records requests, Vendor should provide the alternative contact information in response to this RFP item.

35. Risk Factors to be Assessed
The State will assess risk factors that may initially exist within a given procurement and that may develop over the course of a procurement process as facts become known. The State, at its sole discretion, may employ the following mechanisms in mitigating these risks: proposal bonding, performance bonding, progress payment plan with retainage, inclusion of liquidated damages, and withholding payment for all portions of the products/services acquired until final acceptance. The Vendor must agree to incorporate any or all of the above terms and conditions into the customer agreement.

36. Proposal Bond
The Vendor is not required to include a proposal bond with its RFP proposal.

37. Performance Bond/Irrevocable Bank Letter of Credit
The Vendor is not required to include the price of a performance bond or irrevocable bank letter of credit with its RFP proposal.
38. **Responsibility for Behavior of Vendor Employees/Subcontractors**
   The Vendor will be responsible for the behavior of all its employees and subcontractors while on the premises of any State agency or institution. Any Vendor employee or subcontractor acting in a manner determined by the administration of any State agency or institution to be detrimental, abusive, or offensive to any of the staff or student body of any State agency or institution will be asked to leave the premises and can be suspended from further work on the premises.

39. **Protests**
   The Executive Director of ITS and/or the Board Members of ITS or their designees shall have the authority to resolve Vendor protests in connection with the selection for award of a contract. Copies of the protest procedures are available on the ITS Internet site - ITS Protest Procedure and Policy, Section 019-020, ITS Procurement Handbook at:

40. **Protest Bond**
   Potential Vendors may protest any of the specifications of this RFP on the belief that the specification is unlawful, unduly restrictive, or unjustifiably restraining to competition. Any such protest must be in writing and submitted to the ITS Executive Director along with the appropriate protest bond within five (5) working days of the Official Release of the RFP, as defined in the ITS Protest Procedure and Policy. The outside of the envelope must be marked “Protest” and must specify RFP Number 4029.

   As a condition precedent to filing any protest related to this procurement, the Vendor must procure, submit to the ITS Executive Director with its written protest, and maintain in effect at all times during the course of the protest or appeal thereof, a protest bond in the amount of $250,000.00. The bond shall be accompanied by a duly authenticated or certified document evidencing that the person executing the bond is a licensed Mississippi agent for the bonding company. This certified document shall identify the name and address of the person or entity holding the protest bond and shall identify a contact person to be notified in the event that the State is required to take action against the bond. The protest bond shall not be released to the protesting Vendor until the protest is finally resolved and the time for appealing said protest has expired. The protest bond shall be procured at the protesting Vendor’s expense and be payable to the Mississippi Department of Information Technology Services. Prior to approval of the protest bond, ITS reserves the right to review the protest bond and require the protesting Vendor to substitute an acceptable bond in such form as the State may reasonably require. The premiums on such bond shall be paid by the protesting Vendor. The State may claim against the protest bond as specified in Section 25-53-5 (n) of the Mississippi Code of 1972, as amended during the 1998 Mississippi legislative session, in addition to all other rights and remedies the State may have at law or in equity.

   Should the written protest submitted by the Vendor fail to comply with the content requirements of ITS’ protest procedure and policy, fail to be submitted within the prescribed time limits, or fail to have the appropriate protest bond accompany it, the protest will be summarily dismissed by the ITS Executive Director.
41. **Mississippi Employment Protection Act**

Vendor acknowledges that if awarded, it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008), and will register and participate in the status verification system for all newly hired employees. The term “employee” as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, “status verification system” means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Vendor will agree to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security, where required, to provide a copy of each such verification to the State.

Vendor acknowledges and certifies that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi.

Vendor acknowledges that violating the E-Verify Program (or successor thereto) requirements subjects Vendor to the following: (a) cancellation of any state or public contract and ineligibility for any state or public contract for up to three (3) years, with notice of such cancellation being made public, or (b) the loss of any license, permit, certification or other document granted to Vendor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. Vendor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.
SECTION V
PROPOSAL EXCEPTIONS

Please return the Proposal Exception Summary Form at the end of this section with all exceptions to items in any Section of this RFP listed and clearly explained or state “No Exceptions Taken.” If no Proposal Exception Summary Form is included, the Vendor is indicating that he takes no exceptions to any item in this RFP document.

1. Unless specifically disallowed on any specification herein, the Vendor may take exception to any point within this RFP, including a specification denoted with "shall" or "must," as long as the following are true:
   
   1.1 The specification is not a matter of State law;
   1.2 The proposal still meets the intent of the RFP;
   1.3 A Proposal Exception Summary Form is included with Vendor's proposal; and
   1.4 The exception is clearly explained, along with any alternative or substitution the Vendor proposes to address the intent of the specification, on the Proposal Exception Summary Form.

2. The Vendor has no liability to provide items to which an exception has been taken. ITS has no obligation to accept any exception. During the proposal evaluation and/or contract negotiation process, the Vendor and ITS will discuss each exception and take one of the following actions:

   2.1 The Vendor will withdraw the exception and meet the specification in the manner prescribed;
   2.2 ITS will determine that the exception neither poses significant risk to the project nor undermines the intent of the RFP and will accept the exception;
   2.3 ITS and the Vendor will agree on compromise language dealing with the exception and will insert same into the contract; or
   2.4 None of the above actions is possible, and ITS either disqualifies the Vendor’s proposal or withdraws the award and proceeds to the next ranked Vendor.

3. Should ITS and the Vendor reach a successful agreement, ITS will sign adjacent to each exception which is being accepted or submit a formal written response to the Proposal Exception Summary responding to each of the Vendor’s exceptions. The Proposal Exception Summary, with those exceptions approved by ITS, will become a part of any contract on acquisitions made under this RFP.

4. An exception will be accepted or rejected at the sole discretion of the State.

5. The State desires to award this RFP to a Vendor or Vendors with whom there is a high probability of establishing a mutually agreeable contract, substantially within the standard terms and conditions of the State’s RFP, including the Standard Contract in Exhibit A, if
included herein. As such, Vendors whose proposals, in the sole opinion of the State, reflect a substantial number of material exceptions to this RFP, may place themselves at a comparative disadvantage in the evaluation process or risk disqualification of their proposals.

6. For Vendors who have successfully negotiated a contract with ITS in the past, ITS requests that, prior to taking any exceptions to this RFP, the individual(s) preparing this proposal first confer with other individuals who have previously submitted proposals to ITS or participated in contract negotiations with ITS on behalf of their company, to ensure the Vendor is consistent in the items to which it takes exception.

SECTION VII
TECHNICAL SPECIFICATIONS

1. How to Respond to this Section
   1.1 Beginning with Item 2.1 of this section, label and respond to each outline point in this section as it is labeled in the RFP.
   
   1.2 The Vendor must respond with “ACKNOWLEDGED,” “WILL COMPLY” or “AGREED” to each point in this section. In addition, many items in this RFP require detailed and specific responses to provide the requested information. Failure to provide the information requested will result in the Vendor receiving a lower score for that item, or, at the State’s sole discretion, being subject to disqualification.
   
   1.3 “ACKNOWLEDGED” should be used when no vendor response or vendor compliance is required. “ACKNOWLEDGED” simply means the vendor is confirming to the State that he read the statement. This is commonly used in the RFP sections where the agency’s current operating environment is described or where general information is being given about the project.
   
   1.4 “WILL COMPLY” or “AGREED” are used interchangeably to indicate that the vendor will adhere to the requirement. These terms are used to respond to statements that specify that a vendor or vendor’s proposed solution must comply with a specific item or must perform a certain task.
   
   1.5 If the Vendor cannot respond with “ACKNOWLEDGED,” “WILL COMPLY,” or “AGREED,” then the Vendor must respond with “EXCEPTION.” See Section V, for additional instructions regarding Vendor exceptions.
   
   1.6 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.
   
   1.7 In addition to the above, Vendor must provide explicit details as to the manner and degree to which the proposal meets or exceeds each specification.

2. Mandatory Provisions for this RFP
   
   2.1 Certain items in this RFP are MANDATORY. Vendors are specifically disallowed from taking exception to these mandatory requirements, and proposals that do not meet all mandatory requirements are subject to immediate disqualification.
   
   2.2 Mandatory requirements are those requirements labeled as “MANDATORY.”

3. General Overview and Background
   
   3.1 Legislative Intent
3.1.1 House Bill 1106 from the 2017 Regular Session of the Mississippi Legislature revised Mississippi Code Section 31-7-13(c)(v) and requires local governmental entities to provide a “secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically.” The only exceptions to this requirement are for local governmental entities who are currently without available high-speed internet access and counties having a population of less than twenty thousand and municipalities having a population of less than ten thousand.

3.1.2 House Bill 1109 from the 2017 Regular Session of the Mississippi Legislature revises Mississippi Code Section 31-7-13(c)(i)(2) and requires local governmental entities to utilize reverse auctions as the primary method of receiving bids. Local governmental entities may petition the Mississippi Public Procurement Review Board (PPRB) for relief from utilizing a reverse auction on a particular procurement; however, they must seek approval of the resulting contract following the procurement by the alternative method.

3.1.3 The requirements for both the receipt of electronic bids and the use of reverse auctions are effective January 1, 2018 and are applicable to procurements governed by Mississippi Code Section 31-7-13.

3.1.4 Mississippi law prohibits the use of reverse auctions for design and construction of public facilities, including buildings, roads, and bridges.

3.1.5 “Local Governmental Entities” as used herein means governing authorities as defined by Mississippi Code Section 31-7-1(b).

3.2 This RFP Number 4029 is for reverse auction and electronic bidding services.

3.2.1 **MANDATORY**: If awarded for reverse auction services, Awarded Vendors must offer reverse auction services for procurements valued at $50,000.01 and above.

3.2.2 **MANDATORY**: If awarded for electronic bidding services, Awarded Vendors must offer electronic bidding services for procurements valued at $50,000.01 and above.

5. **Statements of Understanding**

5.1 The State anticipates awarding this RFP to multiple Vendors.

5.1.1 The State reserves the right to award in part (i.e., award to specific Vendor(s) for reverse auction services, electronic bidding services, or both.

5.2 The State reserves the right, in its sole discretion, to eliminate Vendors whose cost proposals are not competitive.

5.3 The State anticipates an initial term of the award and resulting contracts to be for two (2) years, with three (3) optional, one-year renewal periods.

5.3.1 Awarded Vendors must all agree to the same terms and conditions; therefore, Exceptions to the Standard Contract will be considered but are discouraged.
5.3.2 Local governmental entities using this award must not be required to sign any other contract documents by the awarded Vendors.

5.3.3 The State reserves the right for local governmental entities to require awarded Vendors to sign addendums to the Standard Contract, when additional terms and conditions are required by federal partners or for other funding agents.

5.4 The use of the award from this RFP Number 4029 is optional for local governmental entities in Mississippi.

5.4.1 Local governmental entities using this award will not be required to exclusively select a single awarded Vendor (i.e., may use any or all awarded Vendors for any period of time).

5.4.2 Local governmental entities using this award will not be required to select an awarded Vendor for any minimum period of time (i.e., may use any or all awarded Vendors for any period of time).

5.5 State agencies can NOT use this award. State agencies must use the State’s Enterprise Resource Planning System, MAGIC, administered through the Mississippi Department of Finance and Administration.

5.6 The services provided through this award are limited to the provision of electronic bidding and/or reverse auction services.

5.6.1 Awarded Vendors can NOT offer services for roles or work traditionally performed by public servants through this award, including but not limited to solicitation preparation, requirements/specifications development, specifications research/development, prequalification of bidding vendors/suppliers, and follow-on services (i.e., services performed after the reverse auction or electronic bid is awarded).

5.7 The State anticipates publishing Instructions for Use Memorandum to all local governmental entities contemplating use of the award from this RFP.

5.7.1 Responding Vendors must provide a 2-page How-To-Get-Started Guide with their proposal that may be published with the Memorandum.

5.8 The State reserves the right to terminate the Master Software as a Service Agreement for any awarded Vendor not adhering to the terms and conditions of the contract and this RFP.

5.9 Awarded vendors must report all reverse auction and electronic bidding services delivered to local governmental entities through this award. Regardless of activity (or lack thereof), awarded vendors must submit a report to DFA and ITS by the 15th of the month following the 6-month reporting period. The report for activity from July 1st through December 31st is due by January 15th, and the report for activity from January 1st through June 30th is due by July 15th. The detail of the report should follow the detail submitted in
response to Section VIII. Cost Proposal, such that each reverse auction or electronic bid conducted is reported by specific local governmental entity.

5.10 The State is seeking compensation information as Vendors would traditionally propose such in the course of business (See Item 7.4 and Section VIII of this RFP). The State understands, from informational meetings with Vendors prior to writing this RFP, that costs are traditionally borne by the bidding vendors/suppliers and not the procuring entities. Responding Vendors are advised that the State is aware of at least one Mississippi Attorney General’s Opinion (MS AG Op., Mosely (January 24, 2014)) indicating bidding vendors/suppliers may not be required to pay a fee to participate in the public bidding process, and therefore questions remain about the legality of proceeding with such a model. In the event the Attorney General opines that such an agreement is not lawful, the State reserves the right to negotiate maximum fees to be paid by the local governmental entity(s) using the award.

6. **Experience Requirements**

6.1 **MANDATORY** – The responding Vendor must have been in business for at least three (3) years.

6.2 Responding Vendors must list the number of public/government customers since inception or the past ten (10) years, whichever is shorter.

6.2.1 Responding Vendors must provide a list of the customers included in the number provided in response to 6.2 above.

6.3 Responding Vendors must list the number of reverse auctions performed since inception or the past ten (10) years, whichever is shorter, by size/value.

6.3.1 Responding Vendors must include the number of auctions cancelled or having to be re-solicited, along with the reason why, for the number provided in response to 6.3 above.

6.4 Responding Vendors must list the number of electronic bids performed since inception or the past ten (10) years, whichever is shorter, by size/value.

6.4.1 Responding Vendors must include the number of bids cancelled or having to be re-solicited, along with the reason why, for the number provided in response to 6.4 above.

6.5 Responding Vendors must list the number of employees by role, along with a role description for each role listed.

6.5.1 Responding Vendors must identify employees by name and role that would be available to work with Mississippi local governmental entities using the award from this RFP.
7. **Business Model Requirements**

7.1 Responding Vendors must describe how a Mississippi local governmental entity using the award from this RFP would request services.

7.1.1 Responding Vendors must provide a sample of any form that must be completed by a Mississippi local governmental entity using the award from this RFP.

7.1.2 Alternatively, responding Vendors may list the data elements/fields that must be provided online by a Mississippi local governmental entity using the award from this RFP. This list must include any and all ‘click-through’ acknowledgements.

7.1.3 Responding Vendors must agree that neither forms or online order processes to use the services can include contractual terms and conditions.

7.1.4 Responding Vendors must agree that each local governmental entity using their services must have a separate account.

7.1.4.1 Responding Vendors must describe any limitation to the number of users a local governmental entity may have for access to the solution/service.

7.2 Responding Vendors must describe how bidding vendors/suppliers register or are otherwise made aware of upcoming reverse auctions and electronic bids.

7.4.1 Responding Vendors must provide examples to further explain how their compensation model works.

7.5 Responding Vendors must describe any branding features that are available for local governmental entities to use so that bidding vendors/suppliers recognize the reverse auction or electronic bid as being for that particular entity (e.g., logo for a specific city.)
8. **Technical Requirements - General**

8.1 The services provided through this award are limited to the provision of electronic bidding and reverse auction services, without the requirement to license, install, and/or maintain application software (i.e., cloud-based or otherwise internet accessible software being provided by the awarded Vendors as a service to the users, both local governmental entities and bidding vendors/suppliers.)

8.2 Responding Vendors must describe how their reverse auction and/or electronic bidding service works, including a technical description of the proposed solution/software.

service, including hours and levels of support. Any cost differences associated with levels of support must be clearly identified in response to Section VIII, Cost Proposal.

8.6 Responding Vendors must describe the service level agreement offer to local governmental entities and bidding vendors/suppliers when using the proposed service, including guaranteed uptime, scheduled downtime, and unscheduled downtime.

8.6.1 Additionally, responding Vendors must describe their response procedures to unscheduled down time, including what measures are taken when the down time occurs during a reverse auction or electronic bid.

8.7 Data Retrieval Requirements

8.7.1 All data associated with each reverse auction and electronic bid is owned by the local governmental entity. Access to such data may not be withheld by an awarded Vendor to this RFP.

8.7.1.1 Awarded Vendors are required to maintain all reverse auction and electronic bid data for a minimum of one (1) year after the expiration of the Master Software as a Service Agreement.

8.7.2 Responding Vendors must provide the ability for local governmental entities to download the results of each reverse auction and electronic bid conducted.

8.7.2.1 At a minimum, the download must be offered in pdf format.

8.7.2.2 Samples of the download must be included with the responding Vendor's proposal.

9.1 Responding Vendors must describe how their proposed solution sets decrements for bid amounts.

9.2 Responding Vendors must describe what safeguards their proposed solution has in place to prevent a bidding vendor/supplier from having multiple users bidding during a single reverse auction (i.e., one supplier bidding against itself.)

9.3 Responding Vendors must describe how their proposed solution accommodates qualification of bidding vendors/suppliers before a reverse auction begins (i.e., pre-qualification.)
10. **Technical Requirements – Electronic Bidding Services**

10.1 Responding Vendors must describe how their proposed solution complies with the 'secure electronic system' requirements of Section 1 of House Bill 1106, as referenced in Section VII.3.1. above.

12. **Additional Requirements**

12.1 **ITS** acknowledges that the specifications within this RFP are not exhaustive. Rather, they reflect the known requirements that must be met by the proposed service. Vendors must specify, here, what additional components may be needed and are proposed in order to complete the solution.

12.2 If any component(s) necessary for operation of the requested service is omitted from Vendor's proposal, Vendor must be willing to provide the component(s) at no additional cost. This includes, but is not limited to, any functionality required to provide reverse auction and electronic bidding services.

13. **Scoring Methodology**

13.1 An Evaluation Team composed of DFA, local governmental entities, and **ITS** staff will review and evaluate all proposals. All information provided by the Vendors, as well as any other information available to Evaluation Team, will be used to evaluate the proposals.
13.1.1 Each category included in the scoring mechanism is assigned a weight between one and 100.

13.1.2 The sum of all categories, other than Value-Add, equals 100 possible points.

13.1.3 Value-Add is defined as product(s) or service(s), exclusive of the stated functional and technical requirements and provided to the State at no additional charge, which, in the sole judgment of the State, provide both benefit and value to the State significant enough to distinguish the proposal and merit the award of additional points. A Value-Add rating between 0 and 5 may be assigned based on the assessment of the evaluation team. These points will be added to the total score.

13.1.4 For the evaluation of this RFP, the Evaluation Team will use the following categories and possible points:

<table>

<tr>

</tbody>
</table>

13.2 The evaluation will be conducted in four stages as follows:

13.2.1 Stage 1 – Selection of Responsive/Valid Proposals – Each proposal will be reviewed to determine if it is sufficiently responsive to the RFP requirements to permit a complete evaluation. A responsive proposal must comply with the instructions stated in this RFP with regard to content, organization/format, Vendor experience, number of copies, timely delivery, and must be responsive to all mandatory requirements. No evaluation points will be awarded in this stage. Failure to submit a complete proposal may result in rejection of the proposal.

13.2.2 Stage 2 – Non-cost Evaluation (all requirements excluding cost)

13.2.2.1 Non-cost categories and possible point values are as follows:
13.2.2.2 Proposals meeting fewer than 80% of the requirements in the non-cost categories may be eliminated from further consideration.

13.2.2.3 ITS scores the non-cost categories on a 10-point scale, with 9 points for meeting the requirement. The ‘Meets Specs’ score for each category is 90% of the total points allocated for that category. For example, the ‘Vendor Experience’ category was allocated 25 points; a proposal that fully met all requirements in that section would have scored 22.5 points. The additional 10% is used for a proposal that exceeds the requirement for an item in a way that provides additional benefits to the State.

13.3 Stage 3 – Cost Evaluation

13.3.1 The State reserves the right to eliminate Vendors with non-competitive cost proposals from further consideration. The State anticipates awarding to multiple Vendors; however, should a Vendor’s cost proposal be non-competitive, in the sole discretion of the State, then that Vendor may be eliminated from further consideration.

13.3.2 Points will be assigned using the following formula:

\[(1 - ((B - A)/A))^n\]

Where:

\(A\) = Total lifecycle cost of lowest valid proposal
\(B\) = Total lifecycle cost of proposal being scored
\(n\) = Maximum number of points allocated to cost for acquisition

13.3.3 Cost categories and maximum point values are as follows:

<table>
<thead>
<tr>
<th>Cost Category</th>
<th>Possible Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lifecycle Cost</td>
<td>45</td>
</tr>
<tr>
<td><strong>Maximum Possible Points</strong></td>
<td><strong>45</strong></td>
</tr>
</tbody>
</table>
13.4 Stage 4 – Selection of Successful Vendors

13.4.1 On-site Demonstrations and Interviews

13.4.1.1 At the discretion of the State, evaluators may request interviews, on-site presentations, demonstrations or discussions with any and all Vendors for the purpose of system overview and/or clarification or amplification of information presented in any part of the proposal.

13.4.1.2 If requested, Vendors must be prepared to make on-site demonstrations of system functionality and/or proposal clarifications to the evaluation team and its affiliates within seven calendar days of notification. Each presentation must be made by the account manager being proposed by the Vendor to oversee procurements using the awarded Vendor’s solution.

13.4.1.3 Proposed key team members must be present at the on-site demonstration. The evaluation team reserves the right to interview the proposed key team members during this on-site visit.

13.4.1.4 Although on-site demonstrations may be requested, the demonstration will not be allowed in lieu of a written proposal.

13.4.2 Site Visits

13.4.2.1 At the State's option, Vendors that remain within a competitive range must be prepared to provide a reference site within seven (7) calendar days of notification. If possible, the reference site should be in the Southeastern region of the United States. Vendor must list potential reference sites in the proposal.

13.5 Final Quantitative Evaluation - Following any requested presentations, demonstrations, and/or site visits, the Evaluation Team will re-evaluate any technical/functional scores as necessary. The technical/functional and cost scores will then be combined to determine the Vendor's final score.
SECTION VIII
COST INFORMATION SUBMISSION

Vendors must propose a summary of all applicable project costs in the matrices that follow. The matrices must be supplemented by a cost itemization fully detailing the basis of each cost category. The level of detail must address the elements necessary to compute the cost charged for each reverse auction and/or electronic bid, regardless of who is paying the cost. Any cost not listed in this section may result in the Vendor providing those products or services at no charge to the State or bidding vendors/suppliers, or face disqualification.

SECTION IX
REFERENCES

Please return the following Reference Forms, and if applicable, Subcontractor Reference Forms.

1. References

1.1 The Vendor must provide at least three (3) references consisting of Vendor accounts that the State may contact. Required information includes customer contact name, address, telephone number, email address, and engagement starting and ending dates. Forms for providing reference information are included later in this RFP section. The Vendor must make arrangements in advance with the account references so that they may be contacted at the Project team’s convenience without further clearance or Vendor intercession.

1.2 Any of the following may subject the Vendor’s proposal to being rated unfavorably relative to these criteria or removed from further consideration, at the State’s sole discretion:

1.2.1 Failure to provide reference information in the manner described;

1.2.2 Inability of the State to substantiate minimum experience or other requirements from the references provided;

1.2.3 Non-responsiveness of references to the State’s attempts to contact them; or

1.2.4 Unfavorable references that raise serious concerns about material risks to the State in contracting with the Vendor for the proposed products or services.

1.3 References should be based on the following profiles and be able to substantiate the following information from both management and technical viewpoints:

1.3.1 The reference installation must be for a project similar in scope and size to the project for which this RFP is issued;

1.3.2 MANDATORY – If proposing Reverse Auction Services, each reference account must have successfully used a Reverse Auction at least two (2) times within the last thirty-six (36) months, where ‘successfully used’ is defined as ‘an award having been made.’

1.3.3 MANDATORY – If proposing Electronic Bidding Services, each reference account must have successfully used an Electronic Bid at least two (2) times within the last thirty-six (36) months, where ‘successfully used’ is defined as ‘an award having been made.’

1.4 The State reserves the right to request information about the Vendor from any previous customer of the Vendor of whom the State is aware, including the
procuring agency and/or other agencies or institutions of the State, even if that customer is not included in the Vendor’s list of references, and to utilize such information in the evaluation of the Vendor’s proposal.

1.5 Unless otherwise indicated in the Scoring Methodology in Section VII, reference information available to the State will be used as follows:

1.5.1 As documentation supporting mandatory experience requirements for companies, products, and/or individuals, as required in this RFP;

1.5.2 To confirm the capabilities and quality of a Vendor, product, or individual for the proposal deemed lowest and best, prior to finalizing the award.

1.6 The State reserves the right to forego reference checking when, at the State’s sole discretion, the evaluation team determines that the capabilities of the recommended Vendor are known to the State.

2. **Subcontractors**

The Vendor’s proposal must identify any subcontractor that will be used and include the name of the company, telephone number, contact person, type of work subcontractor will perform, number of certified employees to perform said work, and three (3) references for whom the subcontractor has performed work that the State may contact. Forms for providing subcontractor information and references are included at the end of this section.

Unless otherwise noted, the requirements found in the References section may be met through a combination of Vendor and subcontractor references and experience. Vendor’s proposal should clearly indicate any mandatory experience requirements met by subcontractors. NOTE: The State reserves the right to eliminate from further consideration proposals in which the prime Vendor does not, in the State’s sole opinion, provide substantive value or investment in the total solution proposed. (i.e. the State does not typically accept proposals in which the prime Vendor is only a brokering agent.)

EXHIBIT A
STANDARD CONTRACT

A properly executed contract is a requirement of this RFP. After an award has been made, it will be necessary for the winning Vendor to execute a contract with ITS. The inclusion of this contract does not preclude ITS from, at its sole discretion, negotiating additional terms and conditions with the selected Vendor(s) specific to the projects covered by this RFP.

If Vendor cannot comply with any term or condition of this Standard Contract, Vendor must list and explain each specific exception on the Proposal Exception Summary Form included in Section V.

6.3 Contractor acknowledges and agrees that state agencies within Mississippi can NOT use this Master Agreement.
