Regarding Information Technology Services (ITS) RFP Number 4581 for a Cellphone Interdiction System for the Mississippi Department of Corrections (MDOC), please be advised that, pending ITS Board approval and successful contract negotiations, the award will be made to OmniProphis Corporation at an estimated lifecycle cost of \$26,231,200.00. Due to budgetary constraints, MDOC plans to initially install Cellphone Interdiction Systems at Walnut Grove Correctional Facility and Unit 17 of Mississippi State Penitentiary. Should additional funding become available, MDOC will use this award to perform a phased installation across the remaining facilities.

ITS and MDOC thank you for your participation in the RFP process.
