Regarding Information Technology Services (ITS) Sole Source Certification Number 4613 to provide Risk Based Data Management System (RBDMS) Upgrade and Development Services for the Mississippi State Oil and Gas Board (MSOGB), please be advised that no objections were received and, pending successful contract negotiations, the award will be made to Ground Water Protection Council through June 30, 2025, in an amount not to exceed \$0.00. If MSOGB opts to renew the Risk Based Data Management System (RBDMS) Upgrade and Development Services, this sole source certification shall be valid through June 30, 2027.

Please be advised that ITS will determine if additional enhancements, upgrades, or support are within scope during the certification period and may increase the spending authority accordingly. Should Ground Water Protection Council change their name during this certification period, then ITS will determine if a recertification is necessary.
