**INVITATION FOR BID NO. 4624
BIDDER RESPONSE INFORMATION
PROJECT NUMBER 48312**

This document contains general information for bidders responding to an Invitation for Bid issued by ITS.

1. Bidders are expected to examine all documents, forms, specifications, standard provisions, and all instructions. Failure to do so may result in the disqualification of the bidder's IFB response. The State is under the impression that responding Bidders have read and agree to all items in this IFB.
2. Any bid not received in writing at this office by the date and time specified will be declared a late bid. The State will not be responsible for any delays in delivery. It is solely the responsibility of the bidder that bids reach the opening on time. Any bid received after the date and time specified will be returned unopened.
3. Bids or alterations by fax, e-mail, or phone will not be accepted.
4. All bid openings are open to the public. The ITS staff will read the name of bidder responding, along with the total bid price. Bidders wishing to attend the bid opening at 3:00p.m. on the day bids are due may do so via telephone. Bidders may dial 888-822-7517 and use Access Code 792903.
5. ITS reserves the right to reject any bids, including those with exceptions, prior to and at any time during negotiations.
6. ITS reserves the right to waive any defect or irregularity in any bid procedure.
7. The Bidder may intersperse their response following each IFB specification but must not otherwise alter or rekey any of the original text of this IFB. If the State determines that the Bidder has altered any language in the original IFB, the State may, in its sole discretion, disqualify the Bidder from further consideration. The IFB issued by ITS is the official version and will supersede any conflicting IFB language submitted by the Bidder.
8. The Bidder must conform to the following standards in the preparation of the Bidder's bid:
 - 8.1 The Bidder is required to submit one response of the complete bid, including all Attachments, on a USB flash drive. Bidder's documents must be in Microsoft Office 2010 or higher format and/or PDF format, as appropriate. If PDF format is submitted, the file must be searchable.
 - 8.2 The Bidder should note that original signatures in blue ink are required on Attachment B. Attachment B should be printed and included in the package/envelope with the Bidder's USB response. Bidders that do not have a printed copy of Attachment B included within their bid envelope may be subject to elimination.
 - 8.3 To prevent opening by unauthorized individuals, the bid must be sealed in a package/envelope. A label containing the information on the IFB cover page must be clearly typed and affixed to the package in a clearly visible location.

- 8.4 All items in this IFB must be met by the Bidder with the exception of the contract in Attachment F. If the Bidder does not agree with any item in Attachment F, then the Bidder must list the item on the Exception Summary Form in Attachment E.
- 8.5 Where an outline point asks a question or requests information, the Bidder must respond with the specific answer or information requested.
- 8.6 When an outline point/attachment is a statement provided for the Bidder's information only, the Bidder need only read that point. The Bidder acknowledges having read and accepting all sections and Attachments by signing Attachment B.
- 8.7 The Bidder must respond to each requirement by fully describing the manner and degree by which the bid meets or exceeds said requirements. Meeting a requirement means the Bidder has provided a detailed response that demonstrates that the Bidder meets the qualifications and experience required and/or the requested functionality exists in the base solution at time of bid submission. If a Bidder is unable to meet or exceed any requirement, then the Bidder will be disqualified.
9. ITS reserves the right to request additional information or clarification of a Bidder's bid. The Bidder's cooperation during the evaluation process in providing ITS staff with adequate responses to requests for clarification will be considered a factor in the evaluation of the Bidder's overall responsiveness. Lack of such cooperation or failure to provide the information in the manner required may, at the State's discretion, result in the disqualification of the Bidder's bid.
10. Unsolicited clarifications and updates submitted after the deadline for bids will be accepted or rejected at the sole discretion of ITS.
11. Unsolicited clarifications in the evaluation and selection of best bid will be considered only if all the following conditions are met:
 - 11.1 A clarification to a bid that includes a newly announced product line or service with equal or additional capability to be provided at or less than the proposed price will be considered.
 - 11.2 Information provided must be in effect nationally and have been formally and publicly announced through a news medium that the Bidder normally uses to convey customer information.
 - 11.3 Clarifications must be received early enough in the evaluation process to allow adequate time for re-evaluation.
 - 11.4 The Bidder must follow procedures outlined herein for submitting updates and clarifications.
 - 11.5 The Bidder must submit a statement outlining the circumstances for the clarification.

- 11.6 The Bidder must submit unsolicited clarifications via USB in the same manner as detailed in Item 8 above.
- 11.7 The Bidder must be specific about which part of the original bid is being changed by the clarification (i.e., must include exact IFB reference to section and outline point).
12. From the issue date of this IFB until a Bidder is selected and the selection is announced, responding Bidders or their representatives may not communicate, either orally or in writing regarding this IFB with any statewide elected official, state officer or employee, member of the legislature or legislative employee except as noted herein. To ensure equal treatment for each responding Bidder, all questions regarding this IFB must be submitted in writing to the State's contact person for the selection process, and not later than the last date for accepting responding Bidder questions provided in this IFB. All such questions will be answered officially by the State in writing. All such questions and answers will become addenda to this IFB, and they will be posted to the ITS web site. Bidders failing to comply with this requirement will be subject to disqualification.
- 12.1 The State's contact person for the selection process is: Lori Ryan, Technology Consultant, 3771 Eastwood Drive, Jackson, MS 39211, 601-432-8284, Lori.Ryan@its.ms.gov.
- 12.2 Bidder may consult with State representatives as designated by the State's contact person identified in 12.1 above in response to State-initiated inquiries. Bidder may consult with State representatives during scheduled oral presentations and demonstrations excluding site visits.
13. Any interpretation of an ITS IFB will be made by written amendment only. The State will not be responsible for any other explanation of this IFB. A copy of any amendment will be posted on the ITS website, together with the associated IFB specification. Bidders are required to check the ITS website periodically for IFB amendments before the bid opening date at:
- <https://www.its.ms.gov/procurement/rfps-and-sole-sources>
- Any and all amendments will be posted no later than noon, seven days prior to the bid opening date listed on the cover page of this IFB. If you are unable to access the ITS website, you may contact the ITS Technology Consultant listed on page one of this IFB and request a copy.
14. No negotiations, decisions, or actions shall be executed by any Bidder as a result of any discussions with any State employee. Only transactions which are in writing from ITS may be considered official.
15. Bidders must ensure proper compliance with, and fulfillment of all schedules and deliverables specified within the body of this IFB. The State will not be responsible for the failure of any delivery medium for submission of information to or from the Bidder, including but not limited to, public and private carriers, U.S. mail, Internet Service Providers, facsimile, or e-mail.

16. Expenses for the development and delivery of bids are entirely the responsibility of the bidder and shall not be chargeable to the State.
17. All bid material submitted in writing shall become the property of the State.
18. ITS reserves the right to make multiple awards.
19. ITS reserves the right to approve an award by individual items or in total, whichever is deemed to be in the best interest of the State of Mississippi.
20. The State reserves the right to evaluate the awarded bid from this IFB, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects if (a) it is deemed to be in the best interest of the State to do so; and (b) the Bidder is willing to extend a cost less than or equal to that specified in the awarded bid and resulting contract. A decision concerning the utilization of a Bidder's bid for future projects is solely at the discretion of the State and requires the agreement of the proposing Bidder. The State's decision to reuse an awarded bid will be based upon such criteria as: (1) the customer's business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Bidder, market, and technical environments since the initial award.
21. The State reserves the right to offer the awarded bid from this IFB, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects by governmental entities outside Mississippi (i.e., "piggyback option"), if (a) it is deemed to be in the best interest of the governmental entity desiring to do so; and (b) the Bidder is willing to extend a cost less than or equal to that specified in the awarded bid and resulting contract. A decision concerning the utilization of a Bidder's bid for future projects outside Mississippi is solely at the discretion of the State, and requires the desire of the governmental entity outside Mississippi and the agreement of the proposing Bidder. The State's decision to consent to the reuse of an awarded bid outside Mississippi will be based upon such criteria as: (1) the governmental entity's business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Bidder, market, and technical environments since the initial award.
22. A price increase will not be accepted during the award period or the renewal period, unless stipulated in the contract. However, the State will always take advantage of price decreases.
23. All submitted bids must show the net bid price after any and all allowable discounts have been deducted. Any discounts must be clearly stated and shall not have any contingencies.
24. State sales tax and federal excise taxes shall not be included as the ITS is tax exempt for materials sold directly to them.
25. When errors are found in the extension of bid prices, the unit price will govern. Bids having erasures or corrections must be initialed in ink by the bidder.
26. The State reserves the right to solicit Best and Final Offers (BAFOs) from Bidders, principally in situations in which bid costs eclipse available funding or the State believes none of the competing bids presents a Best Value. Because of the time and expense

incurred by both the Bidder community and the State, BAFOs are not routinely conducted. Bidders should offer their best pricing with the initial solicitation. Situations warranting solicitation of a BAFO will be considered an exceptional practice for any procurement. Bidders that remain in a competitive range within an evaluation may be requested to tender Best and Final Offers, at the sole discretion of the State. All such Bidders will be provided an equal opportunity to respond with a Best and Final Offer under a procedure to be defined by the State that encompasses the specific, refined needs of a project, as part of the BAFO solicitation. The State may re-evaluate and amend the original project specifications should it be deemed necessary in order to improve the opportunity for attaining Best Value scenarios from among the remaining competing Bidders. All BAFO proceedings will be uniformly conducted, in writing and subject to solicitation by the State and receipt from the Bidders under a precise schedule.

27. The successful Bidder should not commence any billable work until a valid contract has been executed. Any work done by the successful Bidder prior to the execution of the contract is done at the Bidder's sole risk. The State is under no obligation to pay for work done prior to the execution of a contract.
28. Bidders may request additional information or clarifications to this IFB using the following procedure:
 - 28.1 Bidders must clearly identify the specified paragraph(s) in the IFB that is in question.
 - 28.2 Bidder must deliver a written document to Lori Ryan at ITS by Friday, May 24, 2024 at 3:00 p.m. Central Time. This document may be delivered by hand, mail, e-mail, or fax. Address information is given on page one of this IFB. The fax number is (601) 713-6380. ITS WILL NOT BE RESPONSIBLE FOR DELAYS IN THE DELIVERY OF QUESTION DOCUMENTS. It is solely the responsibility of the Bidder that the clarification document reaches ITS on time. Bidders may contact Lori Ryan to verify the receipt of their document. Documents received after the deadline will be rejected.
 - 28.3 All questions will be compiled and answered, and a written document containing all questions submitted and corresponding answers will be posted on the ITS web site by close of business on Friday, May 31, 2024.

- 2.7 The State of Mississippi does not waive its sovereign immunities or defenses as provided by law by entering into this contract with the Bidder, Bidder agents, subcontractors, or assignees.
- 2.8 The State will deliver payments to the Bidder within forty-five (45) days after receipt of invoice and receipt, inspection, and approval of Bidder's products/services. No late charges will exceed 1.5% per month on any unpaid balance from the expiration

of said period until payment is delivered. See Section 31-7-305 of the Mississippi Code Annotated. Seller understands and agrees that Purchaser is exempt from the payment of taxes.

- 3.1.1 Written notification made to proposers on ITS letterhead, or
- 3.1.2 Notification posted to the ITS website for the project, or

- 3.3 A contract is not deemed final until five (5) working days after either the award of contract or post procurement review, as stipulated in the ITS Protest Procedure and Policy. In the event of a valid protest, the State may, at its sole discretion, continue the procurement or stay the procurement in accordance with the ITS Protest Procedure and Policy. If the procurement is stayed, the contract is not deemed final until the protest is resolved.

4. Contract Validity

All contracts are valid only if signed by the Executive Director of ITS.

5. Order of Contract Execution

Bidders will be required to sign contracts and to initial all contract changes before the Executive Director of ITS signs.

6. Availability of Funds

All contracts are subject to availability of funds of the acquiring State entity and are contingent upon receipt by the winning Bidder of a purchase order from the acquiring State entity.

7. CP-1 Requirement

All purchase orders issued for goods and services acquired from the awarded Bidder under this IFB must be encoded by the Customer agency with a CP-1 approval number assigned by ITS. This requirement does not apply to acquisitions that by policy have been delegated to State entities.

8. Requirement for Electronic Payment and Invoicing

- 8.1 Payments to the awarded Bidder for all goods and services acquired under this IFB by state agencies that make payments through the Mississippi State Government's Enterprise Resource Planning (ERP) solution ("MAGIC") will be made electronically, via deposit to the bank account of the Bidder's choice. The awarded Bidder must enroll and be activated in PayMode™, the State's current vehicle for sending and receiving electronic payments, prior to receiving any payments from state agencies. There is no charge for a Bidder to enroll or receive payments via PayMode. For additional information on PayMode, including registration instructions, Bidders should visit the following website: <http://portal.paymode.com/ms>. Bidders may also request assistance from the Mississippi Management and Reporting System (MMRS) Call Center regarding PayMode registration by contacting mash@dfa.ms.gov.
- 8.2 For state agencies that make payments through MAGIC, the awarded Bidder is required to submit electronically all invoices for goods and services acquired under this IFB, along with appropriate supporting documentation, as directed by the State.
- 8.3 Items 8.1 and 8.2 only apply to state agencies that make payments through MAGIC. Payments and invoices for all other entities will conform to their standard methods of payment to contractors.

9. Prime Contractor

The selected Bidder will be designated the prime contractor in the bid, and as such, shall be solely responsible for all products/services offered in the bid and for the fulfillment of the contract with the State.

10. Sole Point of Contact

ITS will consider the selected Bidder to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.

- 10.1 The Bidder must acknowledge and agree that in matters of bids, clarifications, negotiations, contracts and resolution of issues and/or disputes, the Bidder represents all contractors, third parties and/or subcontractors the Bidder has assembled for this project. The Bidder's commitments are binding on all such parties and consequently the State is only required to negotiate with the Bidder.
- 10.2 Furthermore, the Bidder acknowledges and agrees to pass all rights and/or services related to all general consulting, services leasing, software licensing, warranties, hardware maintenance and/or software support to the State from any contractor, third party or subcontractor without the State having to negotiate separately or individually with any such parties for these terms or conditions.
- 10.3 Should a proposing Bidder wish to assign payment of any or all charges resulting from this contract to a third party, Bidder must disclose that fact in his/her bid, along with the third party's name, address, nature of business, and relationship to the proposing Bidder, the reason for and purpose of the assignment, and all conditions of the assignment, including but not limited to a copy of an assignment document to be executed by the State, the Bidder, and the third party. Such assignments will

be accepted or rejected at the sole discretion of the State. Bidder must clearly and definitively state in his/her bid whether the bid is contingent upon the requested assignment of payments. Whenever any assignment of payment is requested, the bid, contract, and assignment document must include language specifically guaranteeing that the proposing Bidder is solely and fully liable and responsible for the performance of its obligations under the subject contract. No assignment of payment will be considered at the time of purchase unless such assignment was fully disclosed in the Bidder's bid and subsequently accepted by the State.

11. **Outstanding Bidder Obligations**

- 11.1 Any Bidder who presently owes the State of Mississippi money pursuant to any contract for which ITS is the contracting agent and who has received written notification from ITS regarding the monies owed, must submit, with the bid, a certified check in the amount due and owing in order for the bid in response to this IFB to be considered. For a Bidder currently in bankruptcy as of the IFB submission date, this requirement is met, if and only if, ITS has an active petition before the appropriate bankruptcy court for recovery of the full dollar amount presently owed to the State of Mississippi by that Bidder. If the Bidder has emerged from bankruptcy by the IFB submission date, the Bidder must pay in full any amount due and owing to the State, as directed in the court-approved reorganization plan, prior to any bid being considered.
- 11.2 Any Bidder who is presently in default on existing contracts for which ITS is the contracting agent, or who otherwise is delinquent in the performance of any such contracted obligations, is in the sole judgment of the State required to make arrangement for fulfilling outstanding obligations to the satisfaction of the State in order for the bid to be considered.
- 11.3 The State, at its sole discretion, may reject the IFB response from a Bidder with any significant outstanding financial or other obligations to the State or who is in bankruptcy at the time of bid submission.

12. **Equipment Condition**

For all IFBs requiring equipment, the Bidder must furnish only new equipment in response to ITS specifications, unless an explicit requirement for used equipment is otherwise specified.

13. **Shipping Charges**

For all IFBs requiring shipment of any product or component, all products must be delivered FOB destination to any location within the geographic boundaries of the State with all transportation charges prepaid and included in the IFB bid. Destination is the point of use. No itemized shipping charges will be accepted.

14. **Ownership of Developed Software**

- 14.1 When specifications require the Bidder to develop software for the State, the Bidder must acknowledge and agree that the State is the sole owner of such developed software with exclusive rights to use, alter, or distribute the software without restriction. This requirement applies to source code, object code, and documentation.

- 14.2 The State may be willing to grant the Bidder a nonexclusive license to use the State's software subject to devising acceptable terms and license fees. This requirement is a matter of State Law, and not negotiable.
15. **Ownership of Custom-Tailored Software**
In installations where the Bidder's intellectual property is modified and custom-tailored to meet the needs of the State, the Bidder must offer the State an application license entitling the State to use, and/or alter the software without restriction. These requirements apply to source code, object code and documentation.
16. **Terms of Software License**
The Bidder acknowledges and agrees that the term of all software licenses provided to the State shall be perpetual unless stated otherwise in the Bidder's bid.
17. **The State is Licensee of Record**
The Bidder must not bypass the software contracting phase of a project by licensing project software intended for State use in its company name. Upon award of a project, the Bidder must ensure that the State is properly licensed for all software that is proposed for use in a project.
18. **Compliance with Enterprise Security Policy**
Any solution or service proposed in response to this IFB must be in compliance with the State of Mississippi's Enterprise Security Policy. The Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines and is established to safeguard the State's information technology (IT) assets from unauthorized use, access, disclosure, modification, or destruction. Given that information security is an evolving technology practice, the State reserves the right to introduce new policy during the term of the contract resulting from this IFB and require the Bidder to ensure the solution or service complies with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi. Bidders wanting to view the Enterprise Security Policy should contact the Technology Consultant listed on the cover page of this IFB.
19. **Compliance with Cloud and Offsite Hosting Enterprise Security Policy**
Any cloud or vendor-hosted solution proposed in response to this IFB must be in compliance with the State of Mississippi's Enterprise Cloud and Offsite Hosting Security Policy. The Enterprise Cloud and Offsite Hosting Security Policy is based on industry-standard best practices, policy, and guidelines and augments the Enterprise Security Policy. Given that information security is an evolving technology practice, the State reserves the right to introduce new policy during the term of the contract resulting from this IFB and require the Bidder to ensure the cloud or vendor-hosted solution complies with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi. Bidders wanting to view the Enterprise Cloud and Offsite Hosting Security Policy should contact the Technology Consultant listed on the cover page of this IFB.
20. **Negotiating with Next-Ranked Bidder**
Should the State cease doing business with any Bidder selected via this IFB process, for any reason, the State reserves the right to initiate negotiations with the next ranked Bidder.

21. **Disclosure of Bid Information**

Bidders should be aware that any information in a bid may be subject to disclosure or reproduction under the Mississippi Public Records Act of 1983, defined in Section 25-61-1 et seq. of the Mississippi Code Annotated. All disclosures of bid information will be made in compliance with the ITS Public Records Procedures established in accordance with the Mississippi Public Records Act. The ITS Public Records Procedures are available in Section 019-010 of the ITS Procurement Handbook, on the ITS Internet site at:

<http://www.its.ms.gov/Procurement/Documents/ISS%20Procurement%20Manual.pdf#page=173> or from ITS upon request.

As outlined in the Third-Party Information section of the ITS Public Records Procedures, ITS will give written notice to any affected Bidder of a request to view or reproduce the Bidder's bid or portion thereof. ITS will not, however, give such notice with respect to summary information prepared in connection with the State's review or evaluation of a Bidder's bid, including, but not limited to, written presentations to the ITS Board or other approving bodies, and/or similar written documentation prepared for the project file. In addition, ITS will not provide third-party notice for requests for any contract executed as a result of this IFB.

Summary information and contract terms, as defined above, become the property of ITS, who has the right to reproduce or distribute this information without notification.

Bidders should further be aware that requests for disclosure of bid information are sometimes received by ITS significantly after the bid opening date. ITS will notify the signatory "Officer in Bind of Company" provided in Attachment A of this IFB for Notification of Public Records Requests in the event information is requested that your company might wish to consider protecting as a trade secret or as confidential commercial or financial information. If the "Officer in Bind of Company" should not be used for notification of public records requests, Bidder should provide the alternative contact information in response to this IFB item.

22. **Responsibility for Behavior of Bidder Employees/Subcontractors**

The Bidder will be responsible for the behavior of all its employees and subcontractors while on the premises of any State agency or institution. Any Bidder employee or subcontractor acting in a manner determined by the administration of any State agency or institution to be detrimental, abusive, or offensive to any of the staff or student body of any State agency or institution will be asked to leave the premises and can be suspended from further work on the premises.

23. **Protests**

The Executive Director of ITS and/or the Board Members of ITS or their designees shall have the authority to resolve Bidder protests in connection with the selection for award. Copies of the protest procedures are available on the ITS website - ITS Protest Procedure and Policy, Section 019-020, ITS Procurement Handbook at:

<http://www.its.ms.gov/Procurement/Documents/ISS%20Procurement%20Manual.pdf#page=180> or from ITS upon request.

24. Protest Bond

Potential Bidders may protest any of the specifications of this IFB on the belief that the specification is unlawful, unduly restrictive, or unjustifiably restraining to competition. Any such protest must be in writing and submitted to the ITS Executive Director along with the appropriate protest bond within five (5) working days of the Official Release of the IFB, as defined in the ITS Protest Procedure and Policy. The outside of the envelope must be marked "Protest" and must specify IFB Number 4624.

As a condition precedent to filing any protest related to this procurement, the Bidder must procure, submit to the ITS Executive Director with its written protest, and maintain in effect at all times during the course of the protest or appeal thereof, a protest bond in the full amount of the total estimated project lifecycle cost or \$250,000.00, whichever is less. The total estimated project lifecycle cost will be the amount used by ITS in the computation of cost points, as the low cost in the denominator of the cost evaluation formula. The bond shall be accompanied by a duly authenticated or certified document evidencing that the person executing the bond is a licensed Mississippi agent for the bonding company. This certified document shall identify the name and address of the person or entity holding the protest bond and shall identify a contact person to be notified in the event that the State is required to take action against the bond. The protest bond shall not be released to the protesting Bidder until the protest is finally resolved and the time for appealing said protest has expired. The protest bond shall be procured at the protesting Bidder's expense and be payable to the Mississippi Department of Information Technology Services. Prior to approval of the protest bond, ITS reserves the right to review the protest bond and require the protesting Bidder to substitute an acceptable bond in such form as the State may reasonably require. The premiums on such bond shall be paid by the protesting Bidder. The State may claim against the protest bond as specified in Section 25-53-5 (n) of the Mississippi Code of 1972, as amended during the 1998 Mississippi legislative session, in addition to all other rights and remedies the State may have at law or in equity.

Should the written protest submitted by the Bidder fail to comply with the content requirements of ITS' protest procedure and policy, fail to be submitted within the prescribed time limits, or fail to have the appropriate protest bond accompany it, the protest will be summarily dismissed by the ITS Executive Director.

25. Mississippi Employment Protection Act

Effective July 1, 2008, Bidder acknowledges that if awarded, it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008) and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Bidder will agree to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security, where required, to provide a copy of each such verification to the State.

Bidder acknowledges and certifies that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi.

Bidder acknowledges that violating the E-Verify Program (or successor thereto) requirements subjects Bidder to the following: (a) cancellation of any state or public contract and ineligibility for any state or public contract for up to three (3) years, with notice of such cancellation being made public, or (b) the loss of any license, permit, certification or other document granted to Bidder by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. Bidder would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.

ATTACHMENT E CONTRACT EXCEPTIONS

Please return the *Exception Summary Form* at the end of this Attachment with all exceptions to the Standard Contract, attached as Attachment E, listed and clearly explained or state "No Exceptions Taken." If no *Exception Summary Form* is included, the Bidder is indicating that he takes no exceptions to any item in this IFB document.

1. Unless specifically disallowed herein, the Bidder may take exception to any item within the Standard Contract, as long as the following are true:
 - 1.1 The item is not a matter of State law;
 - 1.2 The bid still meets the intent of the IFB;
 - 1.3 An Exception Summary Form is included with Bidder's proposal; and
 - 1.4 The exception is clearly explained, along with any alternative or substitution the Bidder proposes to address the intent of the specification, on the Exception Summary Form.
2. The Bidder has no liability to provide items to which an exception has been taken. ITS has no obligation to accept any exception. During the bid evaluation and/or contract negotiation process, the Bidder and ITS will discuss each exception and take one of the following actions:
 - 2.1 The Bidder will withdraw the exception and agree to the language in the manner prescribed;
 - 2.2 ITS will determine that the exception neither poses significant risk to the project nor undermines the intent of the IFB and will accept the exception;
 - 2.3 ITS and the Bidder will agree on compromise language dealing with the exception and will insert same into the contract; or
 - 2.4 None of the above actions is possible, and ITS either disqualifies the Bidder's bid or withdraws the award and proceeds to the next ranked Bidder.
3. Should ITS and the Bidder reach a successful agreement, ITS will sign adjacent to each exception which is being accepted or submit a formal written response to the *Exception Summary* responding to each of the Bidder's exceptions. The *Exception Summary*, with those exceptions approved by ITS, will become a part of any contract on acquisitions made under this IFB.
4. An exception will be accepted or rejected at the sole discretion of the State.
5. The State desires to award this IFB to a Bidder or Bidders with whom there is a high probability of establishing a mutually agreeable contract, substantially within the standard terms and conditions of the State's IFB, including the *Standard Contract* in Attachment F, if included herein. As such, Bidders whose bids, in the sole opinion of the State, reflect a

substantial number of exceptions to this IFB, may place themselves at a comparative disadvantage in the evaluation process or risk disqualification of their bids.

6. For Bidders who have successfully negotiated a contract with ITS in the past, ITS requests that, prior to taking any exceptions to this IFB, the individual(s) preparing this bid first confer with other individuals who have previously submitted bids to ITS or participated in contract negotiations with ITS on behalf of their company, to ensure the Bidder is consistent in the items to which it takes exception.

STANDARD CONTRACT**

A properly executed contract is a requirement of this IFB. After an award has been made, it will be necessary for the winning Bidder to execute a contract with ITS. The inclusion of this contract does not preclude ITS from, at its sole discretion, negotiating additional terms and conditions with the selected Bidder(s) specific to the projects covered by this IFB.

If Bidder cannot comply with any term or condition of this Standard Contract, Bidder must list and explain each specific exception on the Exception Summary Form included in Attachment E. If no Exception Summary Form is included, the Bidder is indicating that he takes no exceptions. Bidders who fail to take exception to any point in the Standard Contract may not later do so during contract negotiations.

2.4. Preventive maintenance may be performed concurrently with remedial maintenance activity. Contractor must record all activities related to preventive maintenance on a log to be retained on-site.

3.2. In no event shall the cost for maintenance services for any renewal term increase by more than five percent (5%) per year or an increase consistent with the percent increase in the consumer price index, all Urban Consumer US City Average (C.P.I.-u) for the preceding year ("inflation increase"), whichever is less. Customer shall submit payments to **Vendor, Street, City, State Zip**. All payments should be made in United States currency. Such personnel shall not be deemed in any way, directly or indirectly, expressly or by implication, to be employees of Customer. Contractor shall pay, when due, all salaries and wages of its employees, and it accepts exclusive responsibility for the payment of federal income tax, state income tax, social security, unemployment compensation, and any other withholdings that may be required. Neither Contractor nor employees of Contractor are entitled to state retirement or leave benefits.

4.3. The Customer, ITS, any state or federal agency authorized to audit Customer, and/or any of their duly authorized representatives, shall have unimpeded, prompt access to this Agreement and to any of the Contractor's proposals, books, documents, papers and/or records that are pertinent to this Agreement to make audits, copies, examinations, excerpts and transcriptions at the State's or Contractor's office as applicable where such records are kept during normal business hours. All records relating to this Agreement shall be retained by the Contractor for three (3) years from the date of receipt of final payment under this Agreement. However, if any litigation or other legal action, by or for the state or federal government has begun that is not completed at the end of the three (3) year period, or if an audit finding, litigation or other legal action has not been resolved at the end of the three (3) year period, the records shall be

retained until resolution.

ARTICLE 6 MODIFICATION OR RENEGOTIATION

This Agreement may be modified only by written agreement signed by the parties hereto, and any attempt at oral modification shall be void and of no effect. The parties agree to renegotiate the Agreement if federal and/or state revisions of any applicable laws or regulations make changes in this Agreement necessary.

ARTICLE 7 AUTHORITY, ASSIGNMENT AND SUBCONTRACTS

7.1. In matters of proposals, negotiations, contracts, and resolution of issues and/or disputes, the parties agree that Contractor represents all contractors, third parties, and/or subcontractors Contractor has assembled for this project. The Customer is required to negotiate only with Contractor, as Contractor's commitments are binding on all proposed contractors, third parties, and subcontractors.

7.2. Neither party may assign or otherwise transfer this Agreement or its obligations hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld. Any attempted assignment or transfer of its obligations without such consent shall be null and void. This Agreement shall be binding upon the parties' respective successors and assigns.

7.3. Contractor must obtain the written approval of Customer before subcontracting any portion of this Agreement. No such approval by Customer of any subcontract shall be deemed in any way to provide for the incurrence of any obligation of Customer, in addition to the total fixed price agreed upon in this Agreement. All subcontracts shall incorporate the terms of this Agreement and shall be subject to the terms and conditions of this Agreement and to any conditions of approval that Customer may deem necessary.

7.4. Contractor represents and warrants that any subcontract agreement Contractor enters into shall contain a provision advising the subcontractor that the subcontractor shall have no lien and no legal right to assert control over any funds held by the Customer, that the subcontractor acknowledges that no privity of contract exists between the Customer and the subcontractor, and that the Contractor is solely liable for any and all payments which may be due to the subcontractor pursuant to its subcontract agreement with the Contractor. The Contractor shall indemnify and hold harmless the State from and against any and all claims, demands, liabilities, suits, actions, damages, losses, costs, and expenses of every kind and nature whatsoever arising as a result of Contractor's failure to pay any and all amounts due by Contractor to any subcontractor, materialman, laborer, or the like.

7.5. All subcontractors shall be bound by any negotiation, arbitration, appeal, adjudication, or settlement of any dispute between the Contractor and the Customer, where such dispute affects the subcontract.

ARTICLE 8 WAIVER

Failure of either party hereto to insist upon strict compliance with any of the terms, covenants, and conditions hereof shall not be deemed a waiver or relinquishment of any similar right or power hereunder at any subsequent time or of any other provision hereof, nor shall it be construed to be a modification of the terms of this Agreement. A waiver by the State, to be effective, must be in writing, must set out the specifics of what is being waived, and must be signed by an authorized representative of the State.

ARTICLE 9 AVAILABILITY OF FUNDS

It is expressly understood and agreed that the obligation of Customer to proceed under this Agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of state and/or federal funds for the performances required under this Agreement. If the funds anticipated for the fulfillment of this Agreement are not forthcoming or are insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds, or if there is a discontinuance or material alteration of the program under which funds were available to Customer for the payments or performance due under this Agreement, Customer shall have the right to immediately terminate this Agreement without damage, penalty, cost, or expense to Customer of any kind whatsoever. Further, nothing in this Agreement shall affect any statutory rights Customer may have that cannot be waived or limited by contract.

ARTICLE 13 SEVERABILITY

If any term or provision of this Agreement is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law, provided that the State's purpose for entering into this Agreement can be fully achieved by the remaining portions of the Agreement that have not been severed.

ARTICLE 14 DISPUTES

Any dispute concerning a question of fact under this Agreement, which is not disposed of by agreement of the Contractor and Customer, shall be decided by the Executive Director of ITS or his/her designee. This decision shall be reduced to writing and a copy thereof mailed or furnished to the parties. Disagreement with such decision by either party shall not constitute a breach under the terms of this Agreement. Such disagreeing party shall be entitled to seek such other rights and remedies it may have at law or in equity.
