Regarding Information Technology Services (ITS) Sole Source Certification Number 4633 to provide Ground Penetrating Radar (GPR) Analysis Software for the Mississippi Department of Transportation (MDOT), please be advised that no objections were received and, pending successful contract negotiations, the award will be made to Kontur US, Inc. through December 31, 2025, in an amount not to exceed \$10,000.00. If MDOT opts to renew the GPR Analysis Software, this sole source certification shall be valid through December 31, 2027.

Please be advised that ITS will determine if additional software licenses, enhancements, upgrades, or support are within scope during the certification period and may increase the spending authority accordingly. Should Kontur US, Inc. change their name during this certification period, then ITS will determine if a recertification is necessary.
