Regarding Information Technology Services (ITS) Sole Source Certification Number 4652 to provide Law Enforcement Computer Terminal Service Warranty for the Mississippi Department of Public Safety (MDPS), please be advised that no objections were received and, pending successful contract negotiations, the award will be made to Datamaxx Applied Technologies, Inc. through November 30, 2025, in an amount not to exceed \$168,329.09. If MDPS opts to renew the Law Enforcement Computer Terminal Service Warranty, the sole source certification shall be valid through November 30, 2027.

Please be advised that ITS will determine if additional interface development, technical support, updates, training, or warranty of the Omnixx Product line are within scope during the certification period and may increase the spending authority accordingly. Should Datamaxx Applied Technologies, Inc. change their name during this certification period, then ITS will determine if a recertification is necessary.
