Regarding Information Technology Services (ITS) Sole Source Certification Number 4669 for the Mississippi Department of Information Technology Services (ITS), please be advised that ITS intends to award Treehouse Software, Inc., as the sole source provider of TRIM software maintenance and technical support through March 17, 2026, in an amount not to exceed \$8,100.00. If ITS opts to renew the TRIM software maintenance, this sole source certification shall be valid through March 17, 2028. Interested Parties should be aware that the published Notice of Intent to Certify Sole Source erroneously indicated that the certification expiration was March 16, 2028. It was ITS intent to allow renewals for a full three-year term, if necessary.

Please be advised that ITS will determine if additional licenses, enhancements, upgrades, or support are within scope during the certification period and may increase the spending authority accordingly. Should Treehouse Software, Inc. change their name during this certification period, then ITS will determine if a recertification is necessary.
