Regarding Information Technology Services (ITS) Sole Source Certification Number 4679 to provide medical device information system hardware, support, and maintenance for the University of Mississippi Medical Center (UMMC), please be advised that no objections were received before the original April 22, 2025 deadline. UMMC has opted to renew its medical device information system hardware, support, and maintenance, therefore, the award will be made to Philips North America, LLC (formerly Capsule Tech, Inc.) through June 30, 2028, in an amount not to exceed \$610,483.20.

Please be advised that ITS will determine if additional upgrades, support, or equipment are within scope during the certification period and may increase the spending authority accordingly. Should Philips North America, LLC change their name during this certification period, then ITS will determine if a recertification is necessary.
