Regarding Information Technology Services (ITS) Sole Source Certification Number 4714 for the Mississippi Department of Information Technology Services (ITS), please be advised that no objections were received and, pending successful contract negotiations, the award will be made to Center for Internet Security, Inc. (CIS) as the sole source provider of Multi-State Information Sharing and Analysis Center membership in an amount not to exceed \$275,000.00 for a one year period. If ITS opts to renew the Multi-State Information Sharing and Analysis Center membership, this sole source certification shall be valid for two additional years following contract execution.

Please be advised that ITS will determine if additional licenses, enhancements, upgrades, and support are within scope during the certification period and may increase the spending authority accordingly. Should Center for Internet Security, Inc. (CIS) change their name during this certification period, then ITS will determine if a recertification is necessary.
