Regarding Information Technology Services (ITS) Sole Source Certification Number 4723 to provide Maintenance and Support of the Mississippi Educator Career Continuum Archive (MECCA) System for the Mississippi Department of Education (MDE), please be advised that no objections were received and, pending successful contract negotiations, the award will be made to Level Data, LLC in an amount not to exceed \$753,963.00. Please be advised that the certification is valid through February 28, 2029.

Please be advised that ITS will determine if additional licenses, maintenance, or support are within scope during the certification period and may increase the spending authority accordingly. Interested Parties should also be aware that, although not mentioned in the Notice of Intent to Certify Sole Source, enhancements to the MECCA System may also be considered within scope of this certification due to the System only being available through Level Data, LLC. Should Level Data, LLC change their name during this certification period, then ITS will determine if a recertification is necessary.
