Regarding Information Technology Services (ITS) Sole Source Certification Number 4740 to provide Laboratory Information System (LIS) maintenance, support, and upgrades for the Mississippi State Hospital (MSH), please be advised that no objections were received, and the award is being made to Orchard Software Corporation through December 31, 2026, in an amount not to exceed \$43,306.75. Please be aware that ITS inadvertently omitted its intent to allow the certification period to be valid through December 31, 2028. Interested Parties should be aware that, if MSH opts to renew software support and maintenance beyond December 31, 2026, this sole source certification shall be valid through December 31, 2028.

Please be advised that ITS will determine if additional products or services are within scope during the certification period and may increase the spending authority accordingly. Should Orchard Software Corporation change their name during this certification period, then ITS will determine if a recertification is necessary.
