Regarding Information Technology Services (ITS) Sole Source Certification Number 5013 to provide traffic signal software maintenance for the Mississippi Department of Transportation (MDOT), please be advised that no objections were received, and pending successful contract negotiations, the award will be made to Temple, Inc. for one year upon contract execution, in an amount not to exceed \$13,125.00. If MDOT opts to renew the traffic signal software maintenance, this sole source certification shall be valid for two additional years.

Please be advised that ITS will determine if additional products or services are within scope during the certification period and may increase the spending authority accordingly. Should Temple, Inc. change their name during this certification period, then ITS will determine if a recertification is necessary.
